OWING TO THE WAR CRIME OF INVASION VECTORING COMBINED WITH THE NEWS COMMITTED GRASSROOTS GENOCIDE, AND WITH 50 MILLION MEDICATED FOR FEAR, AMERICA IS A [WAR CRIME] TORN COUNTRY.

PERSONS WHO ARE SEEKING TO 'SCORE' GREEN CARDS IN THE U.S. ARE SEEKING TO BE REWARDED FOR THE UNIVERSALLY CONDEMNED ACT OF TRESPASS.

FOR THE NEWS [OWNERS] TO PORTRAY THE INSURGENTS AS BUNNIES WHILE AT THE SAME TIME CONCEALING THE REAL NUMBERS COMMITS [DUAL] CRIMES OF ESPIONAGE AND TREASON.

THIS FACT OF AGGRESSION SUPERCEDES ALL FABRICATED SENTIMENTALITY AND IT IS MAXIMUM PENALTY TREASON.

As detailed in the document below.

BY ORDER OF THE U.S. WAR CRIMES TASK FORCE:

Newsrooms under investigation -- LISTEN-UP;

Your response to this war crimes investigation directive is monitored.

Right now you are the focus of a task force investigating corporate crime.

Suspicious behavior in the news regarding the U.S. Atrocity Report caused a special investigative commission to be convened.

Further investigation has identified a war crime is being committed against the public.

The guilty parties are identified as the owners of the U.S. news.

Decades of tampered news, grassroots blacklisting and election sabotage have been committed to ensure a vectored invasion will surge beyond the protective ability of government.

In this conspiracy to amplify the consumer volume, white, black and Native Americans are the 'specified enemy' in a scheme to position a self-importing, [cash heavy] consumer insurgency on top of them.

Due to this corporate treason, tens of millions of trespassing criminals spider over the nation parading themselves as unlimited and unstoppable [in acts of war].

This means you are personally profiteering on [vectored] overland incursions.

Causing the most extreme border overrun in known history.

A war crime that has destroyed America.

What are the findings of the special commission investigating news corruption?

In addition to the war crime of invasion vectoring, causing national ruin, you committed a premeditated genocide against the grassroots leaving the [sovereign] nation without any legitimate activist organizations.

The motive for this capital offense was to prevent your own exposure and lawful prosecution.

Now you are seen hiding a report itemizing the harm caused by the identified criminal oligarchy.

YOU ARE INFORMED BY THIS COMMISSION;

Due to criminal complicity you now face indictments on federal crimes.

False representation of insurgents, in conjunction with the war crime(s) of invasion vectoring, combined with grassroots genocide and election tampering, brings your case into compliance with capital punishment for espionage and crimes against Civil Rights.

FEDERAL EXECUTION WARRANTS WILL STATE;

**War Crimes:

Orchestrated from the position of news ownership within the boundaries of the United States: Cross border intrusions covertly vectored onto a sovereign population using news deception to neutralize citizen outcry and weaken criminal justice. Including political sabotage [treason] to cancel the ability of government to react.

The Cause of U.S. Atrocities:

Extreme crimes are being committed by media owners and employee accomplices involving news deceit committed against racially targeted citizens. Including crimes against humanity, planning and committing atrocities, aiding terrorism, obstruction of justice, conspiracy, election tampering, wire fraud, cultural genocide (crimes against civil rights) and espionage.

Sentences to be carried out at a federal penitentiary.

Relevant to Your Arrest, Indictment and Trial:

1 - What Qualifies as a War Crime?

According to the United Nations, a war crime is a serious breach of international law committed against civilians. A war crime occurs when "superfluous injury or unnecessary suffering" is inflicted.

What are the findings of the special commission investigating the U.S. Atrocity Report?

Utilizing news distortion you calculatingly maneuvered [vectored] millions of organized [networked] insurgents onto a racially targeted society.

A profiteering attack [a trespass amplification war crime] committed against American civilians.

Utilizing racial targeting against blacks, whites and natives specifically to terminate their ability to assemble in their own defense.

Falsifying news (and other media) in the pretense of a bizarre, twisted moral lesson, while secretly abetting the worst overland intrusion the world has ever seen.

Shattering the nation, devastating U.S. families and causing millions of Americans to be medicated.

-- This [consumer amplification] war crime is defined in section four of the U.S. Atrocity Report, titled "ENFORCED CRIMINAL SATURATION".

2 - What Qualifies as a Crime Against Humanity?

Certain acts that are "purposefully committed as part of a widespread or systematic policy, directed against civilians, in times of war or peace". Not isolated acts committed by soldiers but acts committed in furtherance of a state *or organizational policy*.

What are the findings of the investigative commission studying the atrocities you engineered and are now attempting to hide?

Your invasion vectoring war crime has resulted in over fifty million shattered American families, passing the combined casualty figure of all nations involved in the Second World War.

Fifty million Americans are medicated for fear and it is blacklisted by the news, why?

Because it is the war crime of the news that is traumatizing them.

Your crime.

-- The atrocity of medicating in mass numbers is defined in section two of the U.S. Atrocity Report, titled "The Medicated Nation". The war crime is additionally defined in section three of the U.S. Atrocity Report, titled "ENFORCED NUMERICAL OVERWRITE".

3 - What Qualifies as An Act of War?

If one ten-thousandth as many Americans 'just showed up' in any of their home nations and set up shop as these ones do, there would be a massive outcry followed by a military response, supported by every nation on earth.

What have we learned from confessions and whistleblower testimony?

These cheating news media owners are committing the dirtiest corporate crimes in history.

The people who decide what the topics are have made freedom of assembly a forbidden one which means you are using the news as a weapon against Civil Rights.

A premeditated crime against Civil Rights carries the death penalty.

What has news whistleblower testimony revealed?

These criminals are hiding behind you, their deceived accomplice who might've been a stand up journalist.

Maneuvered into targeting your own society, laws, ethics and legacy in favor of an invasion, placing you on three federal [capital punishment] indictment lists.

-- The specter of attack force buildups is described in section seven of the U.S. Atrocity Report, titled "ACTS OF WAR; Attempt to Overthrow.". Furthering exposure of the treason, verifications of these crimes against the nation are found in section fifteen of the U.S. Atrocity Report, titled "CONSENT DENIED; Democracy is Destroyed.".

You vectored onto this nation a hundred million intruders, now openly conspiring against the American public in sixty bewildering languages.

How much philanthropy have these millions of intruders created?

Zero.

They're here to rob us. Why would they help us.

Meanwhile you present the victimized public as hideously thrilled.

Trespass is a form of robbery and is cut from the same cloth as rape. The act can not occur if a moral conscience is present.

Yet this is how they 'just appear' among us.

Causing fifty million Americans to be medicated for terror.

What have we learned from dialogues with the uninvited [oligarchy vectored] alien demographic?

Today, the news is falsified to portray these trespassing racists and thugs as bunnies falling from heaven.

Meanwhile, you spew the lie that they're migrants, refugees or dissidents, or somehow we got the innocent ones when observation of conduct (trespass) and confession prove the opposite.

The good ones stayed home as to not participate in the crimes involved in "naturalization" and the ongoing cheats of the green card land grab.

Notions to the contrary are the result of the most heinous public manipulation [criminal insurgent amplification] crime in history.

Go ahead. Ask any of the ones in your office if they've ever committed a crime.

They are life-long, career conspirators against you, mimicking your facial expressions while scheming at your back.

Why should you care that the owners of the news just vectored a hundred million cheaters into your country?

Meet your attacker, right next door.

Detailed at:

https://www.youtube.com/watch?v=aLSJewZ3d5I&list=PLhU5mYA52fnt8VII7LKPfFq5osPoH5_0s&index=4

Before long, one of these homophobic racists will walk up and spit in your face and expect you to apologize.

These news traitors who did it to you picked you for that sort of coward, so your boss's corporate buddies can make a few pennies on the shoes they're going to stomp you with.

What else have we learned from accomplice testimony?

These oligarchy creeps knew they would ruin you on the day they hired you.

Don't sit there angry at the U.S. War Crimes Commission and task force.

Direct your ire at the journalism wrecking criminals who maneuvered you into this looming disgrace.

Crimes of Extreme Cruelty:

Today millions of American [only] toddlers are weeping for their absent fathers.

The criminal news oligarchy systematically undermined the American family, twisting the country into a west annihilating misery factory.

Exploiting shattering American families as a blind in which to exterminate the grassroots to prevent their exposure and prosecution.

These premeditated crimes against Civil Rights are being committed so young Americans will not be able to protect themselves from these nation killing crimes.

And the vicious horde that will subjugate them.

When it became known to this U.S. War Crimes Commission that your scheme exploits the suffering of fatherless households, as people in misery do not stand up for their rights, the death penalty became part of the equation.

Today, you sit with a tortured conscience as these news corruptors prance around like saints.

Seeing your agitation, one may come over with a message (from the owners) to the effect of, *'Don't worry. We got away with it'*.

Be Advised;

A subset of your employees are engaged.

Newsroom personnel are wearing antiviral masks on their faces because of these men's schemes.

If you attempt to laugh this off there will be an employee class action configured citing the stated capital and civil offenses.

A devastating legal action in which you will be named.

Using the news as a weapon in the service of a criminal oligarchy, you positioned these insurgencies against American populations while eradicating the grassroots and deceiving government.

Now you are seen suppressing documents that incriminate the criminals who used you to do it.

Warrants in the capital crimes proceeding are as follows;

1. Congressional;
2. War Crimes;
3. Class Action;

If you are reading this your name is ready to go on all three of the lists.

Your editorial department masthead is a duplicate of the indictment list in this high crimes action.

Over the next hundred days, the investigation, in collaboration with agency oversight are in prep for a high crimes trial on the scale of Nuremberg.

During this time the task force will be deciding which names to remove from federal [capital punishment] indictment lists.

BY ORDER OF THE U.S. WAR CRIMES COMMISSION;

MONITORED PLEA COMPLIANCE AND INDICTMENT CLEARANCE;

Individuals agreeing with capital punishment for the owners of ABC, NBC, CBS and FOX news [and select news counterparts] are assisting with case observation.

Avoid costly delay.

Upon these actions, immunity from these warrants is accomplished.

Your individual good conduct will be recognized by your Congress, your employees, your President and this investigative commission.

Non-Enforced Recommendations:

In your formal [name clearance] conference call, a federal prosecutor or judge may ask if you participated in grassroots recovery and in what manner.

The genocide of the grassroots [a federal crime against Civil Rights] assassinated an estimated two thousand civic organizations.

The policy of grassroots destruction was committed for the purpose of forestalling prosecution, by preventing black, white and Native Americans from assembling.

While vectoring a hundred million alien trespassers all over them.

Awareness of these atrocities and the invasion vectoring war crime has initiated the ethical and legal obligation of the press to come to the aid of the nation.

After all, you are the news.

Reversal of Genocide;

With the aforementioned name clearance actions complete, plus agency notification(s), there are further methods of restoring integrity.

Although only a recommendation, the first step of the journey back from the brink of financial, ethical, legal and emotional ruin might begin with helping Americans reboot their criminally terminated grassroots.

Give a deeply needed lift to millions of Americans who are presently medicated (for misery and fear) and are cruelly blacklisted by the news.

This resumption of (ethical) news will restore your professional legacy and begin to reverse the appalling crime that has everyone so upset with you.

The cash heavy [criminally vectored] mass intrusion openly admits to this war crimes investigation that they could care less about your news reports.

More lying to the affluent with meaningless filler, to cast the [criminal] illusion that all is fine with the doomed poor should be deemed a bad idea.

Newsroom Initiative;

Your American audience is there with tear streaked faces.

50 million are medicated for fear.

Some will already be holding the bulletin in their hands.

Demonstrate to your audience that you and your colleagues have not knowingly participated in the actions of the owners.

Witness testimony and statistical trajectories finally reveal the true scale of the horror that has shattered millions of American lives.

If you wish to remain afloat as others (who snub this immunity clearance opportunity) sink, you will follow these grassroots restoration procedures to the letter.

Distance yourself from the corporate traitors who caused it by advocating local citizen activity.

Restoration Mandate:

Set a public goal; "Every Hand A Flier".

See that every American in your region has been given a bulletin in a classic citizen mobilization.

Invite the (black, white and Native Americans) in your region to create uncomplicated civic organization and do flier passing.

Responses from the insurgent demographic are calculated obstruction and are invalid.

Direct your [sovereign atrocity and war crime victim] audience to the flier distribution procedure stated in the War Crimes Bulletin.

Your news org will announce and introduce the flier passing groups and assist with cost-free publicity for citizen networking.

Maintain the visible document.

NATIONAL BULLETIN - WAR CRIMES ALERT;

These population manipulators committed the worst crimes imaginable on the gamble that no one would say anything.

They used you to do it.

Now they have two choices.

Confess to the war crime, atrocities and the Grassroots Genocide.

An American holocaust.

...or flee.

Keep one step ahead by following the stated directives.

Recover the ideals of your profession after a generation of their destruction.

Fulfill your dream of being a hero of the nation.

A U.S. War Crimes Directive Bypasses Company Red Tape;

To be required to sign away your right to speak out or be pressured to not participate in political activity is by definition an enforcement of the grassroots genocide, which is a crime against Civil Rights and carries the death penalty.

What this means is, anyone prohibiting you from forwarding this war crimes investigation [e-mail] communication to anyone, yourself included, will be deemed attempting to conceal a crime.

If you are fired or harassed you will be moved into the top claimant category in the class action.

If [the deceived] security attempts to halt you, let them read the War Crimes Bulletin.

So, print it.

The risks incurred for those who obstruct, behave belligerently or engage in more news tampering;

In adherence to national security mandates a bulletin of known criminal activity will enter circulation in the affected communities.

Including the areas of news owners and staff.

This standard mailer will alert Americans that news offices are the focus of a [war] crimes investigation.

Those WHO DO NOT move themselves into the immunity category by using this plea compliance process will be named.

Their fellow Americans may have an opportunity to talk to them (personally) about the war crime and atrocity report that the employers caused.

Their neighbors realizing the scale of their crimes and are gathered at their door.

As the kids peer from the windows.

This is why you are going to do the right thing today.

At this stage in these crimes, even the network lawyers who play games can face their victims in person.

Don't end your days in the humiliating public glare of capital crimes.

A war criminal rolling through a throng of vehicle kicking neighbors on your way to court.

Do not leave proper document distribution to chance while being monitored by a task force.

Conversely, relaying nobly formed documents to government is among the grandest traditions of the news industry.

Executives, news directors, reporters and others are extending dialogues and adhering to the stated plea terms, shielding themselves from dreaded encounters with an enraged public.

Use the news to reverse the grassroots genocide from which it was blacklisted and destroyed.

Initiate and continue to openly advocate the "Every Hand a Bulletin" campaign.

We are certain you will do the right thing.

Do not reply to this e-mail.

Sincerely,

Deputy Commissioner;
Office of the Special Committee on U.S. Atrocities.

This war crimes commission is formally convened and complies with all federal requirements. This commission and aligned members of the press as well as government and tribal advisors invoke the protections that shield law enforcement, congressional members, victims and witnesses.

The exposed parties (news owners) maintain ongoing criminal conduct. Additionally, the heinous nature of the documented crime includes vectoring an assault onto the nation with acts of war committed by violent criminals as correctly identified in the U.S. War Crimes Racial Targeting Victim Identification Bulletin.

All names, identities and contact information are therefore redacted from public view.
