THE 2021 U.S. ATROCITY REPORT

This Atrocity Report and a Letter to Congress are currently circulating among
lawmakers.

What has just happened to America has killed every civilization it has ever happened to. It is the most extreme border overrun the world has ever seen. This has been caused by the worst political failure in the history of Western governments. As we have been abandoned in an atmosphere of rewarded criminal trespass and abolished environmental policy THE AMERICAN PEOPLE now face BOTH violent subjugation AND imminent ecological apocalypse.

CASE UPDATE;

Suspicious behavior in the news regarding the U.S. Atrocity Report caused an investigation to be convened.

CLASSIFIED INVESTIGATION REVEALS THE MOST DESTRUCTIVE CORPORATE CRIME IN U.S. HISTORY.

NBC, ABC, CBS, FOX, MSNBC, Yahoo news, and print media counterparts are identified as a corporate criminal syndicate.

“While pretending to be competitors this hidden cabal has been implementing a policy of [border] overrun amplification [treason].

The death toll rises from a [news

misrepresented] bio weapon [creating terror]
and causing 50 million to be medicated for
fear shattering an estimated 20 million
American families [dehumanization], while
finalizing a multi-decade genocide against the
grassroots [a capital crime against Civil
Rights].” War Crimes Bulletin;

**WAR CRIMES COMMISSION RISK
DIRECTIVE;**

"This commission warns that American
families will fall beneath mathematically
inescapable racist insurgent brutality directed
at blacks, whites and Natives."

What are the findings of the special
commission investigating the US Atrocity
Report?

“A robbery has occurred against the American
people and it's outcome is going to be lethal.

If the US media is not removed from the
clutches of this organized corporate criminal
syndicate the Americans reading this will see
their own families destroyed in a few
decades.”

Leslie Finn of ISOPS provides an introduction.

~ “Apocalypse of The Poison Tree” ~

Dumped to Their Doom in the Holocaust and Fighting for Survival.

AMERICAN TRIBES

*Dear Our ENTIRE Congress;*

*What was supposed to provide for Native families for the next five hundred years, the largest overrun in the history of the universe has obliterated in less than fifty.*

*After our breathtaking national journey they trespass into our house and thrash it.*

*In the wake of this rapacious entry and illegal seizure of America what follows is nothing short of a post mortem on the murdered nation.*

*We were NOT ASKED OUR CONSENT for our future to be destroyed.*

*While Americans have been locked in a horror stare at the horde mauling our country it is easy to forget THE OTHERS who are also watching, whom we must protect.*

*We are speaking of American Natives who are suddenly and without doubt on a tribal holocaust trajectory.*

*It is a FACT; The so-called "mysterious" disappearance of the Anasazi civilization was an Aztec genocide.*

*Research indicates a surprise attack occurred during which some were murdered to gain control of the others. Then, ritual cannibalism was committed leaving unmistakable evidence.*

*The captive civilization was then slave-yoked and marched south to a meet an obsidian slashed death and be thrown from a pyramid shaped murder spike in the jungle.*

*A five hundred year horror-tainment for the priests, kings, thugs and slaves of the worst aberration society of all time.*

*Before this malicious swarm rolled over us, national life offered time and space for art, (effective) political immersion and affordable travel for the enjoyment of living.*

*It was us three, (Blacks, Whites and Natives) against dozens of the world's worst exploiters and abusers, at that time confined to distant global regions.*

*Today, those (sixty) low societies are attacking us here at home in an insurgency worse than any in world history.*

*The ancestral enemies of all U.S. tribes are forcing their agenda into every undefended corner in an illegal seizure of an entire betrayed nation.*

*Now, this apocalypse "of the poison tree" has escalated to more than a hundred million, shattering our nation beyond recovery.*

*Invading in massive conspiratorial networks.*

*Ten thousand more system cheaters who do not "need" to be here, will violate this nation tomorrow.*

*As you read this, these two thousand (more) "replacement families" are pitching themselves against yours.*

*In an America where social difficulties aren't getting any better we have this mass of (malevolent) intruders getting thicker.*

*Do you not like it?*

*A thousand more thugs arrived under the cover of darkness to physically impose the ruin of America on you.*

*Not one of the countries they are invading us from would tolerate a single day of it.*

*What just happened to America has killed every civilization it has ever happened to.*

*Every law book in the world says remove them.*

*Every lesson of history warns that to fail is doom.*

*Our ancestors are screaming to us to remove these millions of criminal intruders NOW!*

*As for the window of opportunity to rescue the biosphere closing while we've been deceived into delay?*

*It is the final apocalypse. Living things will be turned to slime.*

*There will be no 'learning from history' in this final plummet into ruin.*

*No uncontaminated space for healing will remain!*

We Therefore;

stand in support of NATIVE AMERICANS in URGING OUR LEADERS to DECLARE A STATE OF EMERGENCY and establish a Delian League (emergency unionized sovereignty) for U.S. TRIBES, who remain in SOLEMN VIGIL for a referendum to RESTORE SOVEREIGN CONSENT.

If not;

The Blacks, Whites and NATIVES of America URGENTLY NEED the previously advocated emergency economic aid package for a Victim's Rights Commission.

You are holding an atrocity report that says you have to do one or the other.

*We say to our ENTIRE congress and advisory observers, we must prevent the worst tribal suffering imaginable.*

*As you know the Official 2021 U.S. Atrocity Report reveals who these swarms really are and exposes the wagon of lies they are using to ruin us.*

*The following Atrocity Report reveals the appalling harm they have done to us.*

*These historic pages also reveal who WE REALLY ARE and what we need to do to survive the approaching biosphere degradation.*

*These intruders are not bewildered strangers.*

*At this moment, American Tribes have been tossed under an overrun comprised of their ancestral, multiple holocaust committing enemies.*

*WE, THE PEOPLE have been hit with a biological attack by an inexplicably invasive, pathologically deceitful expansionist global takeover wannabee that ALSO happens to be our own UNREPENTANT, MULTIPLE WAR STARTING ENEMY.*

*Now BOTH have us under siege.*

*It's not just "some strangers" anymore.*

*YOU are now PERSONALLY under attack.*

An Official Atrocity Report Section;

**- The 'Welcome Wagon of Lies' -**

Mis-informed - Dis-informed - Un-informed - Under-informed

Dear Friends;

Each day we step out into a nation that until recently held breathing space for us and our kids.

Now the nation tumbles beneath the most extreme border overrun in world history.

It's an American apocalypse.

It has destroyed our way of life on the eve of biosphere rupture, causing legitimate concerns.

After seeing what has been happening with friends, and witnessing American families shattered, we wonder...

Are we being manipulated in the perception that we are doing good?

Do these ones who have 'just showed up', and are swarming all over us, truly exemplify honorable people?

Due to the assortment of conspiracies, grafting manipulations, acts of trespass, personality frauds and edited personal agendas required to engage in the land grab a good person will simply not participate in it.

Since the grab a piece of America scheme includes keeping us from realizing what has been lost, let's take a minute and go back in time.

Visualize America of 1969, prior to this insurgency.

We had just landed on the moon.

At that ennobling time, Americans were gazing over a bounty of opportunity earned through the great sacrifice of the Civil War, and generations of effort.

Then, suddenly everything changed.

That fragile unity of Black, White and Native America, dedicated to the greater good, was underhandedly interrupted.

Uninvited populations, sharing no affinity with our own origins jumped into the space created for Americans by that immense sacrifice.

The first wave of prospectors surged in to realize a (land grabber's') dream.

Western thought was complex and moral. So much so, that our (then) trusting society simply could not imagine what was about to happen.

All that (Western) Civil Rights nobility was shoved aside on the echoes of it's precepts, recklessly misapplied to permit the looting of that hard earned reward.

Since then, we are suffering beneath an insurgency numbering over one hundred million.

Americans were assured we were helping people in need, now we stare in misery as they parade themselves as both unlimited and unstoppable.

Exposing our families, communities, infrastructure, job markets, housing, schools and everything else to be picked to pieces.

With this said, might it be time for a (sovereign) time-out?

Now that our nation has been mauled on the eve of global catastrophe, let us pause to reflect;

Who exactly, have we been holding out the welcome mat for like emotionally desperate little puppets.

Do these no-ask-permission types really deserve the excuses some are making for them?

Is their 'post-trespass friendliness' to be taken seriously?

No one is doubting any American's humanist principles, however it is time to stop being tricked on them every day.

It is time for an unflinching journalistic observation.

Let's get to know the kind of person who is gaining advantage from the ruin of our nation.

Let's take a look at the prize every world traveling trickster is trying to maneuver (past the basic principles of justice) and into their own pockets.

Starting with;

### What is the "Green Card", in Reality?

Honest people won't do it.

Regardless of what one might wish to believe it is not an honest person's request for permission.

The naturalization racket is the opposite of a legitimate overture of friendship.

The green card is what is termed a "cheater's deal" and abuses a loophole that allows a petty crime to reap a potentially massive reward.

One merely needs to commit premeditated trespass against innocent Americans in their own country.

And have no qualms about it.

An honest person will simply not do it.

This leads us to the truth about trespass.

#### Violence Tinged "Immigration";

Trespass is a form of violence.

Trespass is a fundamentally corrupt act that can not occur by accident.

It is in fact, cut from the same cloth as rape.

Due to legislative vagrancy, the green card (land grab) only attracts the sort who will travel to commit this violation.

Honest people will simply not do it.

#### Crime Kit for a Land Grab;

The act of trespass is incompatible with a moral conscience.

Without an inner voice to tell them 'no', it begins.

In planning the act, conspiracy is everything.

Cel-to-cel networking makes travel to the (invariably Western) victim nation a thrill.

Endemic disrespect of Whites, Blacks and Natives makes sovereign disapproval a corrupt amusement.

Betrayal of Americans by their own leaders. It's a special comfort.

After entering the nation without permission, house-to-house movement is a family adventure.

As fuel for the game, the alien "encroachment prospectors" get to be the giddy heroes.

Exploiting a welcome wagon of lies while networking new ones along to strengthen the insurgency.

Welcome to the naturalization land grab.

### The 'Excuses-for-Crime' Con;

These ones did not abandon their homelands to 'get away' from corruption.

In fact, they've plugged it directly into small town USA.

A daily lie spewed in the welcome wagon of lies, would have us believe that populations under these dodgy governments are "forced" to behave as criminals.

This is cancelled logic and is false.

We got the ones who decided a conscience was for losers.

With no shortage of cheaters in the world, the insurgency is now an escalating overrun.

As as a welcome wagon of lies keeps a broken law a ready weapon against us.

You can test this for yourself.

Now that you're in an ocean of them, ask any one if they have ever committed a crime.

They have engaged in dozens just to be standing there.

The Journey "Was So Difficult" Lie;

America is being trampled beneath a 'sneak in and pretend to be stuck' scheme.

People who travel to commit this type of offense love to pretend they are stranded.

Nowadays global travel is a breeze. Convenient and safe.

While pretending not to know what a road trip is these ones storm in at a rate of ten thousand a day, then head home for vacations on a whim.

Avid international travelers utilizing easy and affordable global routes.

Most of them drove in and can drive home tomorrow.

The rest are frequent fliers.

"Birthing Shields" to Avoid Justice;

Some hysteric whines, *'What about the bay-beees!'*

Birthing kids for the use of criminal networks is an appalling feature of this decency erasing overrun.

Every lesson of history teaches us that kids become participant accomplices as they learn to speak.

To be standing in the U.S. today requires disaster outcome banking by both (insurgent) spouses.

All generations are aware of the catastrophe awaiting Americans and their families.

As for the parenting?

The mutilation happening to America means nothing to them.

Since a conscience about it does not exist in either parent, it is not taught.

Next, they throw their children at our throats to make us freeze, and get away with stealing a nation.

The 'myth of innocence' is further dispelled as their kids do not warn ours.

#### The "Easy-To-Con American";

Could your humanity be targeted to undermine your sovereignty?

Of course it is.

Western persons are easy targets of this "deception sympathy".

Having a concern for the (usually misrepresented) social and political struggles in foreign countries is a marvelous aspect of our Western ethos.

In this, the psychologically undefended Westerner can be tricked into thinking they're sheltering Anne Frank.

These intruders, arriving in the thousands every day, are not underdogs of any variety nor are they lost bunnies blinking in the sun of an unfamiliar land.

However, they have the pretense well rehearsed.

Following a 'gate-rush at Disneyland' arrival, all generations become practiced at how to play "the nice" American.

Avoid "the mean" American because they know what's going on.

Find a nice one and trick them on their goodness, in a guilt-dump goldmine.

Maneuver the undefended empathy (of Western people) into the hands of a cheat.

#### Blind Fabrications of The Frightened;

"Pitying" these no-ask-permission types?

Don't.

A haze of deceptions and false moral associations sickens the observer.

Slogans are falsely recited (and then screamed) that allow intruders to evade just law.

You know who we're talking about.

These thousands who arrive every day, about whom someone might foolishly remark, 'They're here for a better life'.

Fact confusing rhetoric from a bygone age makes it fun for intruders to exploit broken laws and block reform.

Someone with blinders on says, 'Hey, chase the dream'. It has been stolen, sacked and soiled.

A browbeaten American might spew, 'Hey, it's the land of opportunity!'. Suffocated by this overrun and the middle class scattered.

Trying to sound dismissive, a nice person says, 'Oh, they've made it their home'.

That is no more valid than if someone steals your car and drives it until they're comfortable in it, then offers the preposterous suggestion that because they've been driving it in front of you, they should be allowed to keep it.

Such is the international cheater magnet called "naturalization".

When you make a space your home you treat it with love and respect.

This inconsiderate intrusion has treated this nation, her spaces, her laws and societies with anything but love and respect.

All the while, frightened Americans succumb to hysterics, as if yelling misapplied slogans will make them be true.

In this uninvited calamity there is one undeniable reality.

No philanthropists nor charities have emerged from this overrun that are remotely proportionate to the catastrophic rate of ingress.

After all they came to rob you of the ground beneath your feet.

Why would they bother helping you.

FALSE MORAL ASSOCIATIONS:

~ The Old "Fleeing Tyranny" Lie;

These ones are not "fleeing" any form of tyranny.

This kind of deceiver likes to manipulate your (undefended)  
Western sympathies.

They hope you will overlook that they come from a democracy  
like ours.

Hopefully they can get you to be "inclusive" of their cheat, and  
begin to see all activists as fools.

And see the cheaters as refugees.

Thanks to a welcome wagon of lies we have just "inclusive'd"  
ourselves off a cliff.

It's downhill for us now.

Meanwhile these ones ---suddenly in-the-millions --only stare.

Their children running and laughing.

As ours lay weeping.

FALSE MORAL ASSOCIATIONS:

~ The Old "Prisoners of Conscience" Con;

You can't outrun the truth with slogans no matter how desperately  
you press them.

Of the tens of millions who have suddenly appeared, pick any one.

If you think you're looking at a freedom fighter you've been conned.

An international trespasser is not the quiet caretaker of any political conscience, mainly because the act itself requires it's absence.

The border jumper is definitely NOT the idealist you see in any movie.

Do not compare these ones, engaged in this trespass overrun that has obliterated our future, with ANY of the good people trying to make a difference in their homelands.

The good ones all stayed home.

These ones, after turning their backs on the reformers of their home nations, do what homeland abandoners often do.

Take false (moral) credit for those whom they abandoned.

#### FABRICATED MORAL NEEDS;

~ The Falsehoods About "Jobs";

Are you thinking because they have a nice job, they're honest?

They're not here for "a job". Their "job" is not like your job. It is not a need.

It is a vocation against you.

You hear browbeaten sovereigns exclaim, 'They're such hard workers'.

As if that would be an excuse for the ruin of our national future.

Unlike in Western nations the Third World criminal generally maintains a day job.

Even the ones wearing suits and ties.

Jobs in government are admittedly about getting a leg up on Americans.

Obtaining an apartment or home mortgage is a sign to the intruder that they have gotten away with it.

They own you now.

#### FALSE MORAL ASSOCIATIONS:

~ The Truth About 'Rights';

Those who arrive on the green card land grab do not have 'just as much right' to this land as 'the rest of us'.

This insurgency is beyond anything imagined by our founding fathers.

Their loving dream for us, suddenly shattered.

Perhaps these ones thought they were merely 'misbehaving', or were just 'having an adventure'.

The cost of tens of millions of them doing it in an unscrupulous mob?

All that American-ness, our society, has been scraped away.

Abused into removing ourselves from our own table in the interests of people who have eaten through our floor, on the eve of earth's most harrowing need.

Some uninformed person said 'make more (unavailable) room' for this swarm of strangers and it turned out the reasons were all lies.

The rank and file of the (intruder) demographic are so far from having a historical, legal, moral or human rights case for the damage they've done, it can't even be suggested without every un-manipulated American feeling like a victim of designated future violence.

As for Americans tossing away centuries of effort --on a cheat;

Had America received a hundredth of this insurgency (in volume) from our own Western European origin nations we would be enjoying a utopian renaissance right now.

Instead, our quality of life has been pounded into such a ruin that it can never be restored.

Our garden has been poisoned.

Nothing will grow straight from it again.

#### MORE FALSE MORAL ASSOCIATIONS;

~ These Endless Millions Are Hungry? Wrong;

Americans were deceived into thinking we were helping people in need.

Now we see that these ones don't even know what hunger is.

You would think the inventors of such a tasty menu might help feed the millions of Americans who live with hunger every day (because of the insurgency).

The nation stealing insurgency is the BEST fed U.S. demographic next to the outright rich.

It makes one wonder, if we took them in for being hungry which in-flight meal did they miss?

MORE FALSE MORAL ASSOCIATIONS:

~ The "Economic Justice" Lie;

These ones are Not Poor.

You might think they are because you're heading that way.

They arrive with pockets full of 'land grab money' while Americans have the lowest personal savings of any time in our history.

Caused by this atrocity of trespass.

These ones don't want you to get together and start talking about reform.

No worries on that account.

The poverty (they caused) makes it nearly impossible for Americans to react to the crisis.

They bank on it.

The (Western) ethos freshly trampled was the result of two and a half thousand years of moral refinement.

Now gone, beneath a holocaust of cheating.

These ones aren't "alone".

After fifty years of invasion and betrayal, Americans are alone.

You become a better kind of (poor) person when you fall out of a state of being deceived.

This will help us understand if it's really possible to stumble over a tire in central mex and stand up in an apartment in south Ohio.

And if it is, and if tens of millions are tripping over the same tire...

Yank it out of the ground!

>> *"It is if they're fleeing TYRANNY!"*

These are not the honest ones you encounter on your vacation in their (gorgeous democratic) home nations.

These insurgents are their abandoners.

If you're wondering how the proposed disaster response might affect your favorite (foreign) artists.

Why would it? They're professionals. They don't take part in cheater's deals.

In fact, none of the musical artists or foreign screen stars whom we find amazing would dream of participating in such a scheme.

You will also notice, they will not be associated with these ones who have become an ominous menace all around us.

They wouldn't vanish honor, scheming for a green card in the glare of disapproval of the sovereigns being harmed by the con.

To participate in an illegal land grab in a foreign country is an act of war, and we see the result.

These millions of traveling intruders have done more long term damage than an invading army.

The ones you're thinking of right now might be in violation of the Organized Crime Control Act as they have engaged in all nine defining behaviors.

The honorable citizens of those homelands would never participate in something they see causing discord among foreign peoples.

But these no-ask-permission types slyly watch...

>> *"You racist bastard! Why are you bashing IMMIGRANTS!"*

To glide along on false moral credit believed by the unwary, could suggest a cheater's heart.

After all, they don't expose a welcome wagon of lies.

Instead, these hundred million sudden arrivals enflame false empathy and foster hysteria among the vulnerable.

They merely have to walk through the door to be wrapped in lies.

Then play games to obstruct reform.

It feels like indifference to harm being caused.

It is inappropriate to run away from paradise to participate in the mauling of a foreign society.

Why?

Because at these massive numbers it can shatter a nation.

Storming into ours at a rate of ten thousand a day.

The Medicated Nation;

Being forced to be polite in a swarm of inconsiderate intruders is cataclysmic to the (honest) human psyche.

Americans of today have been abandoned to face the ruin of their nation and are left to try and figure it out alone.

It isn't working.

One in six Americans are now medicated.

Taking pills to keep from trembling in their chairs, as others are screaming in their sleep.

It takes a slippery opportunist to target your trusting (Western) cultural foundations and delight in it's lost protectors.

Today, Americans are being forced to pretend to like the worst thing that can happen to a human being.

Having your land rolled over and the protectors turn betrayer.

It's a most bewildering misery.

Each medicated American, one in six, represents a family that has been shattered by this horde and are too polite to say so.

And these aliens --only stare.

Not burdened by a conscience the participants in the onslaught don't join the sufferers.

Their victims.

### Benefits Received?

What did the rest of America get from this one-sided intrusion?

Let's take a look.

Aliens gleeful at getting away with it does not figure into the benefit for Americans category.

Nor is (a rewarded intruder) pretending to like you applicable as a positive impact for America.

Take a few minutes, forcibly tune out the intrusion continuance rhetoric, and ask yourself ---very honestly;

Can you discern any influence throughout this fifty year onslaught that you could remotely call "positive" for THE REST OF AMERICA?

You can not.

Only endless, degrading, catastrophe amplifying excuses.

### A Note on Dodgy Hiring;

Asking yourself how you, a leading politician of the nation, managed to overlook the most extreme overland insurgency in recorded history?

As you read this, are there insurgency aligned persons that you may have hired as an egalitarian pretense, or catering to myths now discredited staring at your back?

That is one way.

As beneficiaries of the conscienceless, conspiratorial and rampant acts of overland trespass, these ones advance their (network) interests by pretending to be what you think they are, carefully luring you into deceiving yourself into erasing your own future under their massive incursion.

How can you do anything for American families (yours included) with the proponents of the invasion that just usurped their future staring at your back?

You can't.

After work, your dodgy insurgency hire returns home to these same networks, to report that the politician dumb enough to hire them will not lift a finger to protect all the good-as-dead Americans.

As it now stands, this cataclysmic national overrun -- unlike any in history, IS NOT entirely your fault.

It IS the doing of the insurgent networks, now massing conspiratorially behind the infiltrators you may have hired to parade before an appalled viewer public.

If you snub this plea to rescue our country, the doom of the nation then DOES BECOME YOUR CRIME.

Directly culpable for all of it, guilty of vectoring in the incursions that have destroyed our way of life.

And sunk the rescue ship of the world.

At this stage in the catastrophe, working in the service of an orchestrated overrun would make you a de-facto collaborator during a homeland invasion.

As everyone knows, traitors go to hell.

If you do not rise to this occasion, the opportunity to have averted national (and world) tragedy will hang over your career and eat away at your reputation across the fading future years.

As the nation slides into horror.

In your final days your karma will be so scathed your eyes will turn to blood.

But this is not you!

You are ready to bask in the radiance that comes from rescuing a nation.

Resisting the "Stoppers";

Are there associates telling you 'You can't'?

They're wrong.

This is a democracy. We can do anything we want.

If we want to make ice cream cones free on Tuesday we can do that. All it takes is a vote and it's done.

We probably won't do the ice cream thing, but if the nation is in a doomsday tumble we must make a stand.

If we want to put a victims rights commission on the map moments before calamity, to rescue a million American families who have been doomed by delay, WE CAN DO THAT.

Why bow down like a pride-less puppet to plead for their permission to save you and us.

It is a national emergency!

Distance yourself from those who only peek through the blinders onto a nation that's been ruined, when it's time to do the right thing.

If there are leadership adjacent persons obstructing or throwing red tape at your ankles, these are malicious people making things MORE difficult for suffering Americans.

It is THEIR FAULT that your legacy has been burned to infamy.

These saboteurs should be immediately replaced.

#### Drowning in Purposed Birthed Multitudes;

Operators who hide behind human shields are recognized as the lowest form of creature.

Their hyper birth "family plan" has destroyed the sovereign vitality, generational wisdom, community cohesion, career prospects, education, health, personal finances, national ecology and dozens of other areas of American life.

All thrashed as the ghastly practice of calculated birthing is paraded in our faces.

To engage in this homeland invasion and remain aware of the damage, causes immeasurable shame and culpability to fall upon them.

A common sense mandate can give these kids something better than a de-facto criminal career against us in our falling, invasion ruined nation.

As sovereign Americans are contemplating what to do, an encouraging fact remains.

As these violators should be leaving anyway, and with the world facing doom as it is, might they return home as a political force?

A further realization occurs that could lead to immense benefit.

These ones, birthed as land grab accomplices ALSO happen to be eyewitnesses to the operation of an elite democracy.

This means wherever they go just standing there, they're 'America'.

Being explored are innovative frameworks that simultaneously form the necessary (global People Power) workforce for a biosphere rescue utilizing an inspiring democratic etiquette.

A flourishing of logic and justice in keeping with the laws of legitimate legal systems across the world, as it enters it's most rigorous test.

If the critical mission of planetary stewardship is to have any chance at all, the U.S. sphere of influence must drastically expand.

This could be that hope.

A 'unity commission' in congress can allow us to imagine what this population out-surge could do.

When kids birthed as 'trespass convenience capsules' no longer have to participate in their elders' atrocity?

Imagine something amazing.

A brood that was birthed to be pitched against you, can join in a world destiny program designed for virtuous accomplishments in a homeland democracy.

They can be the president of a country somewhere, launch a renaissance, carry a name renowned by history and be accompanied by peers.

Carrying an inspired legislative mandate under their arm.

When kids are freed from criminality?

Expect a renaissance.

Of course, nobody is accusing anyone of anything.

In terms of verifiable truth?

NO NATION can sustain millions of endemically indifferent land grabbers, expanding into sixty languages over a few decades no matter what excuses are screamed by the fearful.

People who don't like hearing it shouldn't have scoffed at the population management issue because you now have an envy and contempt driven, trespass amplified meat grinder sniffing at your kids.

We now turn your attention to the horrendous result of this mysteriously unabated, fifty year sixty race intrusion, skirting the (internationally recognized) rules of justice and decency.

With this said and on behalf of the devastated nation we hereby  
present to  
the PRESIDENT and CONGRESS of THE UNITED STATES of  
AMERICA;

*Of course there is the alternative.*

*Death.*

The Mortal Atrocity of;  
**Shattered Environmental Policy ~**

Definitive analysis verifies a century of warnings.

And now, the hour of decision has passed.

The window of opportunity to rescue the biosphere has closed.

Today's no-looking-forward pleasure weather holiday will last several more decades at most and the irreversible finality begins.

At this critical moment the U.S. carbon footprint is massively compounded by an escalating criminal one.

What this means is, in a sobering future retrospective, in this whirlwind of humanity's recklessness our families will go extinct in near total lawlessness.

This aggression is imposing itself on us as the end of life on earth looms.

Due to the collective impact of the alien assault the solutions for today's problems have moved far out of reach.

This begs the question;

What about tomorrow's problems?

Predicted Wastelands;

America, Canada and Europe ~

It is the eve of the demise of the biosphere.

How bad do you want it to be on the American street as those outcomes manifest?

The culpability of government policy failure has moved beyond the capacity of vocabulary to describe, for what it has doomed our families to perish in.

They will be into the dust by the downgrade you get with a cheaters-only immigration diadem clearly evidenced each time we open our eyes.

As it turns out, the good ones all stayed home.

A fifty-year future projection may be of use.

It doesn't take Nostradamus to tell you what happens when invaders and the invaded upon stop pretending to like each other.

You get the REAL future.

Since movies, documentaries and our downgraded schools withhold all but the most unattainable future scenarios our families will stumble unprepared into an escalating horror.

American families will be overwhelmed by basic needs as resources become stretched to the limit.

Today's millions-strong, illegally rooted (foreign criminal) networks will break out in brazen competition to consume the nation, each knowing "government" won't be able to put a dent in it.

In that ruined future, American girls will be haunted by creatures pawing at them as all safety disappears.

As history teaches us, these assaults will escalate in sinister racist guile.

With a cheaters-only access policy one wonders how many future assailants are already walking among us.

What about all those foul foreign governments out there?

Imagine the intruders of these SIXTY insurgent swarms each wearing matching shirts, by nation of origin.

Now you see them as they see themselves.

It is the MOST corrupt alien regimes of the world who have supplied these (one hundred million cheaters) now entrenched in every nook.

The very worst have imposed themselves on us.

A nation-thieving force like a poison wind from hell.

Telling you whatever you want to hear.

This insurgency pretending to be lost bunnies has become a thickening mat consuming OUR RESOURCES voraciously.

What does this mean?

The conscienceless schemers of scores of corrupt societies are thriving in casual pleasantries while openly engaged in illegal encroachment amplification.

In a few decades when the biosphere begins to falter, what's to keep these dodgy governments from taking the opportunity (of U.S. civil unrest) to launch military incursions by air, land or sea.

Owing to the worst politician betrayal in Western history a Chinese "infantry" is already ensconced in a dozen of states.

As are every other kind of criminal you can imagine as the act of trespass ONLY attracts the conscienceless.

In a few decades vast swathes of the overrun nation will be left on their own.

Exhausted American neighborhoods will fall beneath alien control in a chaos of scheming and brutality.

Trying to survive with precious resources subverted by outsiders will lead to neighborhood cruelty and subjugation.

If the current situation is left to fester, the next phase of this overrun will have moved from today's seething tension to armed militias.

When Americans become desperate enough to band together, with the intruders a roaming menace, it will be far too late for peace.

Americans who may otherwise have rescued a world may try to make up for lost honor in a tragic street-to-street war of community recovery.

The word 'justification' will no longer be in question as future sovereign American (civil) uprisings will be supported by every legitimate government on earth.

As ours turns death-head traitor before the condemnation of the world.

As Europe falls.

A result of trying to be a super-state where all the bad people were allowed to crawl all over all the good ones as freely as they please.

Now, all those devastated (Western) societies are deemed beyond recovery by leading government security annalists.

As altered weather causes crop yields to dwindle Europe will be betrayed into a vicious wasteland.

Canada is already reeling beneath a parallel alien surge.

A Chinese equipped, future Great Lakes occupying, northern border storming horde is already prepared.

For some reason China gets away with anything they want.

They can't kill enough Americans. They're addicted to it.

As for the REAL future?

Just look out the window.

We are bombarded with corrupt intruders gouging through our precious resources in sovereign hating glee.

The no-return point will soon be long past owing to our delay at this hour of decision.

As it now stands, in the REAL future as fear and hunger dominate, our families will be thrown helpless into the death stages of the biosphere.

Today our vital resources are being subverted on the eve of that urgent need.

If we do not implement critical preventative measures TODAY, earth's rescue ship will flounder in this multi-trajectory of corruption feeding swarms.

At this moment these sixty corrupt invading societies have been given the green light to escalate.

THE OFFICIAL REPORT

~ ATROCITIES IN AMERICA ~

- SECTION TWO -

# "THE MEDICATED NATION"

CRIMES AGAINST SOCIETY;

The ATROCITY of; MEDICATING IN MASS NUMBERS;

- TERMINAL WARNING -

THE PSYCHIC DESTRUCTION OF AMERICA. THIS HIDDEN  
ATROCITY BEING INFLICTED UPON THE SOVEREIGN  
NATION IS A CRIME AGAINST SOCIETY AND ESCALATES  
CORPORATE PROFITEERING ON AN APOCALYPSE OF  
SOVEREIGN MISERY.

-----

## ~ The Medicated Nation ~

Fact: Clinical anxiety is the presentation of 'doomsday recognition' by  
the subconscious.

*The atrocity of insurgency is profoundly personal.*

*Two thousand "replacement families" trespassed into America today and  
are furiously networking the new swarms.*

*Just as suddenly, millions of Americans are suffering from panic, anxiety  
and other 'survival sensitivity' disorders.*

*One American in six is now taking pills to keep from trembling in their  
chairs.*

*You medicate the inmates of an asylum at that rate. Not the cornered  
sovereigns of a nation under a society erasing intrusion!*

*Isn't it interesting though, people in this horde do not find themselves  
among the sufferers.*

*Their victims.*

Nervous... desperate... suicidal...

## The Psychic Destruction of America ~

Trying to be polite as your world is being pulled to pieces?

The answer is yes.

Do you like having your most sensitive political perspectives manipulated while  
false accusations of racism are spat in the faces of good Americans?

Do you enjoy being immersed in undeterred swarms of intruders gleefully  
profiting from your ruin?

No?

*Well guess what...*

One in six Americans can no longer endure it!

Is it fun watching the downfall of your own nation?

Well, some alarms will not just, 'switch off'.

With this apocalypse raging, our (evolved) defensive instincts are activated.

Natures' safety alarm, called xenophobia that allowed tribes of humans to prevent their own slaughter for millions of years is up there with our fear of snakes and wasps for good reason.

Go outside and look around.

A misrepresented and massive alien intrusion has escalated to over one hundred million.

The haze of invasion continuance rhetoric does not deceive the ever protective subconscious.

The ancient, "inner human" still remembers how to survive.

And wants to.

Being neglected, misrepresented and browbeaten with accusations of racism simply enflames it.

In this compounding cultural wreckage we see pills being prescribed in the handfuls.

Relentlessly promoted to high conscience types.

That aspect of our (Western) consciousness that sees the bigger picture and says, 'I should do something about this', is numbed.

Americans are invaded upon, betrayed and medicated all at once.

Ethical obligation, social responsibility and patriotic conscience are suddenly made unfamiliar and distant causing emotions of trepidation and dread.

Making things worse, People Power has been neglected into extinction.

No more activism.

Americans are frightened.

Sovereign will is muted by a pill.

Your ability to control your own future is gone.

At the same time you are lured into being a betrayer.

An emotional apocalypse that harms both victim and nation.

Here we should share a few words about the folly of trying to be 'the lazy man's peacemaker';

Capitulation has no authentic association with compassion nor any form of enlightenment.

The misguided are taught to throw in moral falsehoods about these swarms in an attempt to make the natural human distress at being invaded appear "morally bad".

Honest intuition is undermined with sneers and slurs.

Americans are tricked into laying down (politically) providing a service to the massive illegal encroachment and those profiting from it.

This ATROCITY emboldens the doomsday horde and destroys the dignity of the sovereign.

A victim of invasion and betrayal.

In this haze of lies you can find yourself (falsely) blamed for homophobia.

Evolution honed survival instincts such as xenophobia have nothing to do with the vicious hatred these insurgents direct against gays.

That is another atrocity.

Our protectors have left us;

## The Medicated Nation ~

So, what happens when protectors fail.

All around us a social, ecological and moral downfall is escalating out of control.

In our case the doors are being held open for the trampling of a nation.

In this apocalypse the job market has become it's own zone of emotional terror.

As it now stands most Americans haven't had a day of (true) satisfaction in their entire working careers.

Why is this?

Because they have been witnessing their nation being destroyed -- every day.

It's been occurring for almost fifty years in an atmosphere of derelict denial.

Millions of Americans should not be trapped in unrelenting suffering caused by it.

Weeping in isolation to not be a bother during an invasion of endemic racism and sovereign hate.

Interned in their own homes fearing a plague brought by these same deceitful intruders.

Trapped in restrictive poverty caused by the same horde, patriots who might have made a difference are unable to find one another.

Driven into financial desperation as their nation is picked to pieces.

The rescue ship of earth sinking.

Americans have seen bank commercials boasting that transactions (for this criminal insurgency) are now occurring in sixty languages.

Our most sensitive loved ones are informed that they are suddenly outnumbered fifty-nine (emboldened cheaters) to one betrayed nobody.

An emotional apocalypse occurring unseen behind closed doors in millions of American homes.

The TV doesn't even mention it.

This sixty-headed monster has been permitted to force itself onto us and blot out our sun.

Today they are dancing on the graves of fallen (and shattered) American families.

If you ask one of these no-ask-permission types they'll say, 'you deserve it'.

If your sovereign will expresses itself against this injustice?

The emboldened alien intruder will tell you, 'it's good for you, go take a pill'.

And when one of these foreign gangs previously pretending to like you, corners you in an alley?

Will YOU help an abandoned American to be placating to menacing alien thugs in sixty languages?

Dumped by our protectors all we have left is intimidation and panic.

The future you had dreamed of is destroyed under swarms of quasi-violent, virulent, viciously racist intruders.

Therefore, it should not come as a surprise that American lives are suddenly marked by persistent fears and worries.

So, what should be done?

At the very least, Americans should not be forced to keep taking pills to neutralize their ability to react.

Had Americans not been betrayed that twenty percent of our citizens might have been the ones to rescue the biosphere.

Instead, they're adrift in an ocean of pills that switch off dignity and erase the sense of identity.

Medications that leave you defenseless as this super-swarm undermines your political determination and a plague cripples your ability to assemble.

Among the earliest lessons of school, we are taught that our species owes its survival to the ability to adapt.

You naturally become a better kind of person when you drop out of a state of being deceived.

Today, Americans are attempting to adapt to their own downfall.

Our national grace has been mauled. The American ethnosphere obliterated.

History teaches us many lessons.

First, if we let it continue we're overwritten by the lowest downgrade on earth. Doomed dead.

History also reveals that loyal, patriotic reforms can usher in a golden age.

So, this begs the question;

If we are going to be adapting to something anyway, why not adapt to something better?

Instead of being further ruined, a (stolen) nation can be returned to Black, White and Native Americans.

Millions of our friends and family members can be off terror-meds.

Largest in History Dooms the Future;

## The Atrocity of Hidden Numbers ~

Sixty ancient and corrupt societies have just flung a hundred million well fed criminals upon this nation in a storm of gleeful trespass.

Don't think so?

Have they not in actual FACT entered your (national) home without asking permission?

They have indeed.

An offense you don't commit if you possess a conscience or respect for those you are trespassing against.

All of these new languages evolved serving corruption under tyranny.

Now they vector a sixty mass intrusions against us here.

At this very moment they are all around you watching to see what you will do.

A horror that should chill every American to their bones.

A hundred million people just showed up to whom the phrase 'what you're doing is illegal' gets a shrug.

And bring with them the first plague of many now predicted.

Through eyes of culturally rooted racism they see Blacks as a waste of space.

Native Americans don't even exist in their minds.

Do they warn ANY of us of what they know is coming.

Never.

If America was 'a state of mind we are witnessing it's evisceration.

These no-ask-permission intruders say with a smirk 'looks fine to us'.

Honest people do not participate in cheater's deals such as the 'cheaters only' naturalization loophole scheme.

The good ones all stayed home.

Still don't believe it?

You're suddenly in an ocean of them.

Ask ANY one if they have ever committed a crime against you.

It is not possible for these ones to be in this country and not have engaged in cheats, conspiracies and deceptions as well as the violence adjacent act of trespass.

They'll stare and quickly attempt to manipulate. If that fails they will become indolent.

And you've known them for twenty years.

As your nation was ruined.

REAL NUMBERS Suppressed;

## The Unlimited Absorbency Lie ~

Many people remember fifty years ago like it was yesterday.

Soon, over a billion people will be grinding on the roads and bridges of America and most will be pitched against your own family who will be living in fear.

By mid-century it will be worse as the biosphere declines in resource erasing ruptures.

When it was only a dozen playing the lost puppy game the deceptions were generally harmless.

Suddenly, we're marinating in millions of dangerous intruders as every foreign gang and starry eyed cheater has jumped onto the scam.

Now they roam our country parading the lost puppy act, moving from one uninformed American to the next.

The "unlimited absorbency" lie has doomed our families beneath this nation warping insurgency.

Our immigration quota for the next thirteen-hundred years has vanished in a few decades beneath calculating criminals presented as lost bunnies.

Entering unannounced and setting up where our grandkids were supposed to play and dream and build a life.

Be VERY aware.

Feigned courtesy from a trespasser is an actual guarantee of danger.

As a result of total betrayal by our leaders a horrifying "inversion" is occurring.

America has been force-mutated from a cherished society into the progenitor of the ugliest national downfall in the world.

Once great American families will be reduced to psychological ghosts, prodded for amusement.

These networked racist intruders take comfort in the knowledge that American kids are future undefended targets.

Now hopelessly unprepared to face the national disorder that is approaching.

And do these ones warn us?

Never.

What was supposed to last us five hundred years they have burned through in less than fifty.

And we were tricked into not raising any kind of defense against it.

Forbidden to even speak of it!

As our politicians flash their nauseating smiles Americans are desperate for the obvious to not be true.

Because, if it is true their families, legacies, dignity and all the rest have been obliterated beneath a de-facto (60 nation) invasion.

With your protectors turned tail you're too stunned and scared to do anything about it.

Visible by-the-day, America is transforming into something darker than our founding fathers could've ever imagined.

A welcome wagon of lies is thrown in our faces to embolden this apocalypse.

The real numbers are concealed, meaning this is occurring ENFORCED.

Our protectors have made the decision of dumping us into it's rupture.

It is AN ATROCITY!

No wonder one in six Americans are medicated to keep from trembling in their chairs.

On the eve of mass extinction.

Do you remember animal rights?

Environmental conservation and national smart-growth are not the only things destroyed in this illegal land grab frenzy.

Ask yourself how many chickens, pigs, cows and lambs are hurled into the maw every day to feed a hundred million system cheating intruders engaged in accelerated birthing mode?

Too many to count.

You may have noticed that during this cataclysm of intrusion the births of American special need kids has skyrocketed.

They have crapped our water tables into toxic ruin.

With our leaders turned coward these networks are now parading themselves as unlimited and unstoppable.

They're eating through our floor while grinding our future to misery.

Our resources are not unlimited.

Your conscience about the environment is an annoyance to these ones using up America as fast as they can.

The international biosphere mission that everybody knows would have had to be spearheaded by America, has been ended by these hordes.

Our Greek/Roman/Scandinavian (Western) enlightenment is an annoyance to these ones who just appear outside on the sidewalk.

Within this cataclysm of intrusion American People Power has gone extinct by neglect and urban intimidation.

American families have been abandoned in an atmosphere of rewarded criminal trespass to face a faltering biosphere.

Absent sovereign consent, this betrayal has allowed a frenzy of trespass, disrespect and race hate to be committed against us on a horrifying scale.

Throwing our society into a tailspin.

Experts warn, in this (100 million perpetrator) insurgency almost a quarter of the U.S. walk-around population is suddenly made up of these (violence adjacent) intruders.

U.S. Citizenship is an open cheating racket in this attack of nation theft syndicates.

Not burdened by a moral conscience they circulate among us in ebullient pleasantries.

Americans who don't want it are being overrun by these ones dedicated to birthing it into dominance at horrifying velocity.

If you're in a medium or small American town you're marinating in them.

If you're in a major city, you're forced to watch as they build a nice comfortable "new life" on the graves of fallen American families.

Ten thousand more sauntered in today, sank a tap root and pitched it against you.

An unreported insurgent horde bent to a single purpose.

To steal a nation.

As for you?

Put on your antiviral mask to be shoved aside again  
in your own country tomorrow.

THE OFFICIAL REPORT

~ ATROCITIES IN AMERICA ~

- SECTION FOUR -

**(EMPLOYEE SAFETY BULLETIN INCLUDED)**

## "ENFORCED CRIMINAL SATURATION"

CRIMES AGAINST HUMANITY;

The MORTAL ATROCITY of; ALL CRIMINAL  
PERMEATION;

**- TERMINAL WARNING -**

A REWARDED ALIEN OVERRUN IS BEING COMMITTED  
AGAINST SOVEREIGN COMMUNITIES. THIS FALSIFIED AND  
SUPPRESSED VIOLENT INTIMIDATION IS A CRIME AGAINST  
HUMANITY AND HAS CAUSED AN ENFORCED CRIMINAL  
DENSITY APOCALYPSE.

-----

~ Trespass is a Form of Violence ~

*When you see some of these insurgents and the hair on the back of your neck stands up this is manifestly justified.*

*Our million years honed instinct tells us when we are looking at someone who has no moral conscience.*

*Trespass is cut from the same cloth as rape. It includes offenses like intimidation, extortion and violent home invasion.*

*Your national home has been "force violated".*

*Uninvited outsiders engaging against us in a cultural overrun of 60 (the world's worst societies) against us 3 (Blacks, Whites and Natives).*

*On our own land.*

*This ATROCITY is AN AMERICAN APOCALYPSE.*

Land grab rampage is given a green light;

**Force Imported Criminal Takeover ~**

Of all the forms of crime, there is a new one that kills entire nations.

But only Western ones.

Occurring around us is the worst overland intrusion in world history.

Some good Americans are baffled and occasionally give way to hysteria when the word "criminals" is used in regard to the tsunami of tricksters who have just appeared without asking permission.

In sensitivity to these caring Americans, let us forego the word "criminals" and ease your hysteria.

Instead, let us calmly observe some evident behavioral factors.

Take any fifty individuals, of the millions who have suddenly piled across the boundary of a sovereign nation parading a plan to "score" green cards on a cheater's deal.

Place these fifty fidgety strangers in a room.

Enter this room and have a seat.

Regardless of what a nice (Western) person would wish to believe you are sitting with fifty system cheaters.

This is what they have proven.

The good ones stayed home.

It makes one wonder, "what kind" of person would participate in such a offense.

To stream across an undefended border into a better society and destroy it. Not out of need, but for profit and amusement.

The myth of innocence is grotesquely shattered.

Clearly this is a person who is glad to cheat you.

After all, 'naturalization' and 'the green card' are deals for cheaters.

We might even agree. 'Darned if these aren't the nicest people', but you can't see into their heart of hearts.

What we do see contradicts all the pretense.

Their 'friendliness' simply doesn't 'fit' with all the acts of deception and intrusion necessary to be standing in our abused nation, pretending to be what the abandoned citizen wants them to be.

Participating in the corrupt act of land-grabbing your nation from beneath you while actively participating in follow-on cheats in an all generations conspiracy against the betrayed.

As a welcome wagon of lies is shrieked by (terrified) Americans at friends who express their honest concerns.

Trespass offenses are insidiously personal.

This sixty headed horde of envious, racist abusers is being permitted to invade across an openly mocked border.

And it has destroyed a nation.

The intruder loves a lie eater just as the rapist delights in a victim who will sit and listen to their manipulative prattle.

This form of envy stained criminality has less to do with your things and more to do with the satisfaction of taking them from you personally.

Such as your beloved country.

Features of this form of criminality are premeditation and awareness of harm being caused.

While playing games to keep you from seeing it.

Good people will simply not participate in it.

In the general category of criminals in the U.S., a burglar might enter when you are not at home then grab something and leave hoping never to see you again.

This mass insurgency is different.

These criminal networks have entered when you are AT HOME.

These offenses relating to physical intrusion are rife with racism, homophobia and lurking malice.

These no-ask-permission types, now scheming against us have ALL committed this 'home invasion' type of crime against us.

Proven by unrepentant action.

This trespass free-for-all that has already warped our home is now viciously escalating.

We have been abandoned to the whims of an unannounced and thickening presence circulating among us by way of millions of deliberate criminal acts.

At horrifying velocity American neighborhoods are becoming saturated in the criminal microcosms of dozens of morally incompatible societies.

Forget "nice".

Have you ever met one that you would call "good"?

Delighted to be getting away with it does not count as good.

Pretending to like or respect you does not count as good.

Invasions destroy everything they touch and this one is touching you.

Our legalistic sanctity and historic continuity have been trampled senseless.

That which we Americans wish to preserve this intrusion consumes.

That which WE, The American People wish to NOT have all around us, this calculating swarm is bringing in an escalation of amplitude.

Ten thousand more surged in today injecting more operators into this conspiratorial swarm hiding behind pathologically derelict politics.

It is AN ATROCITY!

The result is an uninvited, unneeded alien force standing on our children's hopes and dreams.

Moving toward their throats.

-----

Safety Sheet Start;

**~ DOWNFALL OF THE NATION WARNING! ~**

**~/ SAFETY BULLETIN /~**

Accompanying the Official 2021 U.S. Atrocity Report.

**- IMMEDIATE DISTRIBUTION - ALL PERSONNEL -**

This is NOT a viral precautions bulletin.

**As Defined in Section Four of The Official 2021 U.S. Atrocity Report.**

What has just happened to America has killed every civilization it has ever happened to. It is the most extreme border overrun in known history. As we have been abandoned in an atmosphere of rewarded criminal trespass,

we (AND YOU) face imminent ecological catastrophe  
AND (violent) subjugation.

CRIMES AGAINST HUMANITY;  
- ENFORCED CRIMINAL SATURATION -

*/- TERMINAL WARNING -\*

AN URBAN OVERRUN IS ENFORCED AGAINST  
AMERICAN COMMUNITIES WITH DAILY  
VIOLENT INTIMIDATION CREATING A CRIMINAL  
DENSITY APOCALYPSE.

*Employee Safety Bulletin;*

As you are reading this;

Organized intruder networks are rolling over the country without restraint amplifying an insurgency unlike any in world history.

This numerical overrun is so extreme that one quarter of the U.S. walk-around population is suddenly made up of this unjust assault now estimated at 100 million.

Each is acting in awareness of harm being caused.

They are not unaware that our way of life has been destroyed.

They are closely observing that it has been.

If this were not the case they would warn us and they do not, shattering the myth of innocence.

This insurgency is now parading itself as numerically unlimited and criminally unstoppable.

Ten thousand new ones arrive each day.

The collective impact of this insurgency has caused every negative trend facing Americans to amplify and the solutions to be pressed far beyond recovery.

Smashing all purpose and principles of the word "immigration".

Today, two thousand more "replacement families" joined the land grab against your doomed one needlessly amplifying the struggle.

For the first time in history being polite gets us shoved aside in our own country.

On the eve of mass extinction.

The disapproval in your eyes is a validation (to these intruders) that they can take more.

The fact that your protectors have abandoned you is not merely their motivation.

It provides a rationalization for joining the thrill of overrunning an undefended society.

This mass cheaters-only intrusion is escalating AGAINST US as the biosphere is beginning to stumble.

*Therefore;*

*This SAFETY BULLETIN has been provided for the personnel of the company.*

## THE TRUTH ABOUT TRESPASS;

Trespass IS a form of violence. It is cut from the same cloth as rape.

It can not occur by accident nor can trespass be committed for ANY "innocent" cause.

When an honest person realizes they have committed trespass they reverse course.

These ones do not.

To commit the act (of trespass) individually or by conspiracy, an inclination toward malice must be present.

A moral conscience must be absent.

This includes the ones in suits and ties.

## THE TRUTH ABOUT GREEN CARDS;

Regarding the discord surrounding "naturalization" and the "green card".

These are cheater's deals.

Exploiting a loophole that encourages the deliberate unwarranted violation of a foreign nation.

## THE "MYTH OF INNOCENCE";

Not one arrives in America broke.

Their land grab is the reason you are.

They now possess the lost wealth of the American middle class, sacked into ruin.

After they kicked Black and Native Americans into the ditch.

Good people will simply not participate in deals for cheaters.

## COMMUNITY ANNEXING AND SUBJUGATION;

Americans are adrift in this sea of intruders happily forcing their agenda into every unprotected corner.

The betrayal of the nation is a juicy attraction for these networked gangs.

Behind their glee is the conscienceless thrill of being the new "boss" of your neighborhood.

By moving into the house next door they've annexed your community.

Now it "belongs" to them.

A few doors down more criminal relations who have also committed trespass to increase these gangs, mock our victimized society.

The ones we witness climbing over the wall at our border have the distinction of being the thugs.

The monsters, preparing to climb all over you.

People to whom throwing a rock through your window to intimidate an American will be a mark of esteem.

On the heels of premeditated trespass and calculated deceit a "chat" with one of these "neighbors" does not make a new friend.

With no inner voice to tell them 'no', even when they seem to be coming clean they are still manipulating.

With you a designated future target in a sovereign population they privately detest.

Otherwise they would warn us and they do not.

Be extremely aware.

**DANGER IS ESCALATING;**

Numbering in the millions these swarms are throwing the nation down while getting away with acts of war.

Every law code IN THE WORLD says remove them immediately.

Instead, we have been abandoned in an atmosphere of rewarded criminal trespass occurring on a scale never seen before.

The rule book by which we lived has been torn up by this insurgency of intrusion and menace.

This ATROCITY of sixty simultaneous attacks has been given a green light and will rapidly escalate.

Sovereigns who are trapped in such circumstances, of total overrun, in all such cases in history the outcome has been certain;

The society will be butchered.

*Therefore;*

**THE FOLLOWING SAFETY ALERT IS IN EFFECT.**

**REWARDED TRESPASS HAS  
AMPLIFIED THE POTENTIAL FOR**

URBAN SUBJUGATION BY VIOLENT  
NETWORKED GANGS.

PERSONAL, FAMILY AND  
COMMUNITY INTIMIDATION IS  
OCCURRING.

DO NOT BE A TARGET.

PRECAUTIONS SHOULD BE TAKEN  
FOR CHILDREN AND ELDERS.

EVEN THOSE IN SUITS AND TIES  
SHOULD BE CONSIDERED HIGH RISK  
ACCOMPLICES.

Safety Sheet End;

## "THE RAT RACE JOLT"

CRIMES AGAINST HUMANITY;  
The ATROCITY of; MASS TRAMPLING OF CITIES;

- **TERMINAL WARNING** -

AN ATROCITY BEING COMMITTED AGAINST AMERICANS  
AS THEIR CITIES ARE BEING TRAMPLED. THIS "RAT RACE  
JOLT" INFLICTED UPON THE PEOPLE IS A CRIME AGAINST  
HUMANITY AND HAS CAUSED A SOVEREIGN HEALTH AND  
HAPPINESS APOCALYPSE.

-----

~ Mutated in a 60 Language Hell ~

*Mutation ripening... delighting... manifesting...  
corrupting... endlessly intruding across a sovereign  
border.*

*Meet your brand new mentally sick, biologically doomed  
future.*

*This overrun has dragged our cities into the same  
disdainful glut that we see in the origin nations of these no-  
ask-permission types, thriving on the cheater's deal  
destroying us.*

*Community after city, trespass saturated into expansionist  
sponges that are (suddenly) relentlessly gorged.*

*Pulling in more aliens to vector in more deceivers to birth  
more gangs.*

*Two thousand more "replacement families" entered  
yesterday.*

*Pitching themselves against you right now.*

As the world tumbles over an abyss;

## The Enforced Obliteration of America ~

The wasteland has just clambered onto us uninvited and unnecessary.

A storm of disrespectful people who do not "need" to be here.

As a result, the worst border overrun in history is swarming over our spaces,  
economics and society.

Monitored in real time, preventable cataclysmic impacts upon the nation and it's  
people have shattered American communities and traditions beyond recovery.

An amoral entropy of over-expansion and profiteering is escalating.

A "rat race".

Later this century, as the planet reels in ecological chaos, today's out-of-control intrusion will have set the stage for the worst global news spectacles imaginable.

This national overrun has twisted the American living room into a front row seat to witness the fall of the biosphere.

Tragedy and chaos on the American street will amuse the foreign news.

This recklessness with the worlds' most corrupt demographics will cause paralyzing breakdowns in every neighborhood.

In the REAL future, American families are going to need every scrap, now being consumed in a frenzy.

As it now stands, before the polluted atmosphere and tainted agriculture ends our grandkids, the descendents of these intruders will brutalize them.

A sinister dream for insurgent gangs pretending to be lost bunnies with pockets full of money.

After four decades in this disaster we must consider the real future.

It is understood that the window of opportunity to rescue the biosphere has closed.

In the dereliction of protective oversight our environmentalists have been marginalized into silence.

The disappearance of the political grass roots remains the root enabler of the approaching biosphere fracture.

America has become a nation burning in a world doomed.

All negative trajectories are accelerating.

Discarded Into The Wasteland;  
The "Rat Race Jolt" ~

So, how do you lose your two millennia honed, high integrity society in a few bewildering decades?

Looked at the TV lately?

Audiences are immersed in advertising designed to dissolve the moral compass and erode consumer judgment.

It works.

Psychological trickery is continually projected in the faces of undefended American children.

Tricking them into being "inclusive" with the rampaging networks who have destroyed their way of life.

Like dating the rapist.

Do these mass swarms have the decency to warn us?

No.

And THEY DO KNOW the holocaust they are causing.

We are well into the second generation of this apocalyptic overrun.

This most derelict generation in our entire history empowers the criminal overrun at every echelon.

Now deemed 'the death generation of America', but there is more.

The most deceived must remove any voice of wisdom so their alien buddies feigning bewilderment can steal the nation easier.

No worries.

The last Americans with the wisdom to warn us about the mortal error of letting just anyone stroll in and steal your country have been relegated to boxes.

Our own elders, being decimated by the alien virus watch the downfall of America in anguish.

Capitulators like getting rid of these witnesses who knew what this nation was before these civilization destroyers surged in and poisoned it.

While this is happening false accusations of racism are hurled in the faces of Americans who speak out.

Their world has been pulled away and thrown down.

As a result, one in six Americans who may have lifted a finger to help change things is medicated into a compliant puddle.

A betrayed loser where a proud activist might have been.

That is the rat race calling you.

Don't answer.

In 1968 there were about a hundred lobbyists in Washington.

Today, over fifteen thousand are pecking around the walls (that used to protect us) until a crack appears and they calculatingly exploit the failings.

An insidious lure into spirit-snuffing population expansion and unchecked industrialized exploitation.

This rush of fools, devoid of restraint are dragging each other and the rest of America into the abyss.

Even the wealthy who have enriched themselves on the swarms have hurled their own families into the same looming apocalypse.

An American Moment-of-Truth;

If we stop the outright trampling of America we can live.

It's that simple.

If we let it continue the world enters a cataclysmic out-of-control death spiral pulling us down with it.

With this said, taking a stand against a homeland invasion causes a nation to be greater.

Rising from the pit of betrayal and feeling human again is wholesome.

A historic transformation occurs.

In uniting our three abused societies we can dodge the approaching apocalypse and do so for other societies as well.

The future can be rescued.

"FALSIFIED ORIGINS"

CRIMES AGAINST HUMANITY;  
The ATROCITY of; CIVILIZATION DESTROYERS ON A  
RAMPAGE;

- TERMINAL WARNING -

AN ATROCITY BEING COMMITTED AGAINST AMERICANS  
IN A HAZE OF FALSIFIED ORIGINS. INVASION IS A CRIME  
AGAINST HUMANITY AND HAS OPENED THE WAY FOR A  
SECOND GENOCIDE TO BE INFLICTED UPON OUR NATIVE  
AMERICANS.

-----

APOCALYPSE!

~ The Mortal Atrocity of Falsified Origins ~

*Invasions destroy everything they touch, unless it's an international coalition of nations engaged in a humanitarian rescue.*

*These ones are definitely NOT here to rescue us. It's just not in them.*

*Instead, they fill their bellies on our hope.*

*Now that's gone.*

*The trick is to get you to believe you never had any.*

*Manipulating perceptions of the present, by distorting the truth of these intruders' past, has resulted in a future destroyed for all.*

*OUR 'American Dream' has been gashed by this sudden mass-insurgency openly conspiring in sixty languages.*

*The lazy game of 'praise the monsters (of antiquity)' during this justice thrashing frenzy is why your familial remnants will be slaves in a wasteland.*

The "Origins Deception";

## Known Civilization Destroyers on a Rampage ~

Our time honored (immigration) pattern from Western Europe has been supplanted by a massive unlawful intrusion.

This system cheating frenzy has resulted in a plague and numerous other atrocities against our undefended population.

Among the many falsifications going is the lie that 'First World' and 'Third World' are distinctions that have something to do with race.

The sheer force of this overrun provides an opportunity to clarify these distinctions in terms that are truthful.

What is correctly termed, 'First World'?

The distinction, 'First World' is a reference to those with ancestral (or instilled philosophical) perspectives arising from Greek, Roman or Scandinavian origins.

These currents of uplift provide the dynamic of enlightenment found among peoples of what are termed 'Western' societies.

American Blacks and Natives exemplify this distinction and create honorable accomplishments therein.

The cornerstones of Black, White and Native advancement fortified here in America going back centuries, share an intrinsic unity through this enlightened cultural foundation.

As 'Western' or 'First World' persons they are qualified to participate in this dialogue because they can be trusted with our law.

Conversely, these sudden self-invited millions do not arise from the society builders of Western Europe.

Ten thousand surge in daily at riot velocity (on a cheater's deal) to sink a tap root and pitch it against us.

A shocking one hundred million people who couldn't be bothered to ask permission.

Each has committed the act of willful trespass, demonstrating a disrespect for our law which, like it or not, is an endemic 'Third World' distinction.

Had we received one percent as many from our Western European origins we would be enjoying a soaring renaissance right now.

Instead, this apocalyptic overrun has forced itself into every corner of our now doomed nation.

After trampling our country they are dancing in the ruins.

Providing zero philanthropy.

The good ones clearly stayed home.

When 911 occurred we saw how they behaved.

Leering from countless cars as their counterparts killed thousands of Americans.

In this appalling guile we see yet another distinction between 'First world' and 'Third World'.

Evaluate the participants in this worst of all insurgencies with your own eyes. Not the welcome wagon of lies.

Countries that are called "developing nations" are as corrupt as ever, but with more skyscrapers.

Our American Black, White and Native ethos is diametrically opposite of those who make up this insurgency.

We are being swarmed by operators from nations where Western uplift did not occur.

In truth it means nothing to them.

The moral differences between American sovereigns and these uninvited (criminalized) hordes are plain.

Our Greek/Roman/Scandinavian ethos is expressed in a veneration of political liberty.

The comfort zone of these ones, capitalizing on sovereign betrayal, is it's suppression.

Instead they manipulate us at every turn.

If political liberty finds receptive ears in a nation suffering a mass intrusion, the result will be an immediate counteroffensive to halt these attacks.

Ever wondered what happened to America "the beautiful"?

Your conscience about the biosphere is an aggravation to these ones who think playing by the rules is a joke.

Entire U.S. forests have been mowed down for their cheat!

Respect for American ecology is nonexistent in this storm of trespassers smugly profiteering on a sinister land grab.

They are here to use it up.

At this moment a 'welcome wagon of lies' is telling our children that the life questioning echoes of ancient Greece and Rome and the cultural wisdom of Scandinavian visionaries are worthless.

They view, Western morality as an inconvenience at best and a thing to be subverted in an all-generations conspiracy.

Absent an inner voice to tell them 'no', they casually engineer our erasure in the shadows provided by the cowardly silence of stupidly advised politicians.

As a thousand more of these misrepresented intruders prepare to enter this night.

The Falsified Origins Atrocity;  
Swooning in Joyous Deceit ~

Happening all around us is an ATROCITY of falsification.

Exactly who are these ones, who appear without permission and then play obstruction games to block the reform of extremely abused laws?

What is the real truth about THE ORIGINS of these ones suddenly crawling all over our troubled nation?

Contrary to the fictions being spewed on this new generation, to our immediate south was the most horrific monster tyranny that has ever existed on the face of the earth.

The human rights atrocities being committed down there were so horrific they can't even be used as (truthful) subject matter of contemporary entertainment.

Glimpses of the incomprehensible brutality can be found in actual historical eyewitness accounts from the time.

Let us gaze over the map of today's America and envision the dark (actual) past.

When comparing their forbearers and our own we find distinct differences.

In the time of the "vanished" Anasazi, these northern tribes were encouragingly different.

These (our) northern peoples embraced a Great Spirit.

A cosmological view now admired the world over.

Conversely, beyond today's southern border, the progenitors of this apocalypse were parading terrified (northern) victims before a fire spit of murder gods.

It is believed that victim taking raids, for five centuries of this chest gashing horror-tainment, eventually depopulated the swathe from present day California to Florida.

A hunting ground for what might be referred to as 'captive slaughtering culture'.

It is AN ATROCITY against academia and our families to misrepresent the origins (of these insurgents) as a "high civilization" when all physical evidence indicates the diametric opposite.

Falsified archeology is now rampant.

The artifacts of these four layer enslavement systems are commonly misrepresented by academics to sell books or be documentary stars.

Factual analysis reveals no evidence of "enlightened" or technologically advanced civilizations ever having existed in the immediate southern regions.

What are revealed in actual fact, are terrified slaves dominated by monsters engaged in a systemized slaughter of invaded (usually northern) tribal peoples.

These intruders are neither us nor share any foundation with North American Natives.

Objects the fraud academics categorize as calendars or of having celestial attributions are none of those things.

Moral and cosmological epiphanies cannot survive in an atmosphere of absolute brutality.

Artifacts that show reflections of daily life (prior to European contact) are clearly the crafts of artisans trying to stay alive in a world of horror.

The structures being called "pyramids" have no parallels to the wonders of ancient Egypt except that both are made of stone.

Today these insurgents don't even refer to our abused nation by its true venerable name.

By calling America, "the north" they are claiming our country for themselves after they've ruined it.

Like they own us.

Like they owned the Anasazi.

American Black, White and Native societies did not come up mulling around the blood soaked stones of a murder-spike in the jungle.

In American schools that aberration of tyranny is now called 'enlightened'.

While our forbearers were crafting the Magna Carta the predecessors of this insurgency were indulging in a world of butchery beyond anything our founding fathers could've ever imagined.

Beyond anything today's misinformed Americans can even conceive.

Butchery that our enlightened Western forbearers stopped.

Beyond any doubt, these ones show a clear desire to destroy our civilization.

Native Americans are rightly concerned about an Anasazi Genocide repeat.

Of course, nobody is accusing anyone of anything.

This is merely the American Black, White and Native sovereign population speaking among ourselves about damages being caused to the country.

We are ALSO doused in falsehoods regarding the origins of the bunch who have just laid this pandemic on us.

The government of Beijing is the self styled enemy of all Western nations and for good reason.

Their diplomacy is smug lying, their technology is mostly stolen from the West and their pollution is killing the Earth.

They are a villain government. A criminal organization in military uniform.

The Chinese communists in their grotesque envy lasting to this day, deliberately created the aberration of North Korea.

This pandemic continues an obsession they have with killing Americans.

Fifty thousand in Vietnam. Fifty thousand in Korea. Many times as many killed here at home by this Chinese created pandemic.

Contrary to (contemporary) documentaries, period dramas and conciliatory rhetoric, in their entire history no moral conscience has ever existed among those rulers.

For two thousand years the breath you might have used to utter something about human rights would have been your last.

Today America is swarming in the worst of them.

A massive Chinese "cultural espionage" force is fully active.

The historical names of the terra cotta warrior period that we now hear called "enlightened", were in truth city slaughterers.

When a group of new tyrants wanted to oust the other tyrants, they would dazzle the peasants with talk of "liberty" and send them off to get killed in a war of tyrants.

Zero enlightenment is permitted, except for "the contented peasant" formats such as Buddhism and Confucius.

Such has been their history spanning more than 2000 years of universally corrupt governments.

Communism is the worst political disaster to ever surge over the planet.

It instills corruption at every level and twists the moral guts of a society.

Communism is inadmissible as 'First World'.

With graft enforced by law it operates in contravention to what Western persons can understand as ethics.

Today, China sits there pretending not to have flung this plague on us.

To date no communist regime has ever caused anything but agony for the peoples living within their sphere of interest.

It should by rights be called 'Fourth World'.

The downfall of America is a Disneyland ride to this bunch.

They CLEARLY seek our destruction.

At this same moment American People Power has been silenced due to these swarms of trespassers who have abandoned the reformers of their home nations.

With the truth of their origins blurred by 'official lies' they happily indulge in the conscienceless act of trespass.

These communist insurgents climbing all over us pretending to be lost bunnies are the worst of them.

America got ZERO improvements from this sudden, massive and bizarre increase in our population.

All it did was shatter us.

At this stage in the ATROCITY there can be little doubt.

In their envious and inconsiderate view we deserve to be ruined.

Well, they did just that.

If we do not implement strident countermeasures  
immediately our families will be suffocated beneath  
the next phase of this apocalyptic overrun, now  
amplifying all around us.

Three of us and sixty of them;  
America Has fallen ~

America, we have been infiltrated to our doom.

The act of trespass is condemned by the universal opinion of the world.

Why is this?

Because it is a violation of justice and decency where the victim is always destroyed in ALL instances, other than outright allied rescue.

These ones are clearly not here to rescue us.

After being rewarded for mauling our peaceful nation we are their victims.

And they continue to escalate.

Regardless of what one may wish to believe, an orchestrated cross-border insurgency constitutes the most basic act of war.

The world's sixty lowest societies have forced their worst creatures onto our deceived and betrayed population.

In this ATROCITY we see corrupt alien regimes adopting a system of aggression used in wars of invasion.

Annexing a nation by offloading masses of nationals onto the targeted land while exploiting disunity and indecision among their leaders.

Sound familiar?

It should.

A chilling result is the mask wrapped over your nose and mouth.

In this schism, why shouldn't our Chinese enemies accelerate our downfall with a deliberately inflicted plague?

That "villain government" has glared at America in envy and malice ever since the birth of the communist catastrophe.

Their hateful aggression killed fifty thousand Americans in Korea then coldly caused the deaths of an additional fifty thousand in Vietnam.

Now, their insurgents have murdered more than twice as many Americans as in both of those WARS, right here on U.S. soil.

American elders.

A welcome wagon of lies pandering to pretense blinds Americans to these acts of war.

All these alien networks have (un-trampled) countries of origin.

Anyone could see (in 1970 when it began) there was never going to be the "extra space" to accommodate such a storm without predictable impacts.

Instead, "naturalization" became a petty crime that can pay off big for a border violator allowed to skate along on general deception.

An invading foreign power's dream.

Today, an insurgency numbering in excess millions is doing exactly that in a malicious frenzy.

A calculated and conspiratorial mass intrusion violating the border of a foreign power, in knowledge that it constitutes a violation is AN ACT OF WAR.

Here we are faced with 'Intent to Overthrow'.

We have suffered through fifty years of it's destruction.

Now these swarms are gleefully amplifying.

No legitimate legal system in the world would disagree that a military response is mandated.

The ATROCITY OF DEATH they have caused has forced it.

America is an occupied nation;

## Horror Story USA ~

Suddenly one quarter (25%) of the U.S. walk around population is made up of these quasi-violent, virulent intruders.

100 million of them.

Disrespectful, illegal, unneeded, unwarranted, lovers of violence, conspiratorial and racist.

Openly engaging against us in a cultural overrun of 60 to 3.

This is an attempt to overwhelm us through illegal and deliberate intrusion, to steal our country.

At this stage in THE ATROCITY a counteroffensive is the valid response to these ACTS OF WAR.

It is OUR RIGHT and is now survival necessity to implement immediate countermeasures.

In the view of all legitimate systems in the world, when justice does arrive for the (sovereign) U.S. victim population, the corrective institutions can not be classified as 'an attack'.

These insurgents must not be allowed to get away with something that nobody should EVER be allowed to get away with.

The commit the most extreme cross border intrusion in the history of the world.

An absolutely fatal situation now darkens our sky and these intruders know it.

Do they warn us?

Never.

Every legal system in the world screams at us to get them out immediately.

No legitimate government will disagree.

A counteroffensive is necessary for our personal safety and the future survival of our families.

These escalating hordes have forced it.

Be warned.

You can't take the fairytales with you into the (now) mathematically unavoidable hell.

In the end, none of the falsehoods will remain.

The welcome wagon of lies will be burned away along with any hope for corrections.

Trapped in an ocean of thugs no longer pretending to like you or your family.

In your final hours as you are huddling in the foretold agony you will remember this warning.

In your last moments clawing out your own eyes for the apocalypse you have allowed to consume the world.

Do you remember all the biosphere predictions?

Our derelict politicians just tossed them into the trash.

There will be no bounce-back from this darkest of all times beyond any dark age.

No uncontaminated space for healing will remain.

Today Americans are languishing in a downfall caused by these intruders.

Millions of (free ranging thugs) just got to steal your future by  
IGNORED ACTS OF WAR.

Anything that makes us weaker makes this swarm of racist envy stronger.

Given the option, these intruders would enslave us.

The only thing these globe hopping insurgents have to fear is righteous and well deserved revenge.

A counteroffensive to make them face the pain they have caused.

But we're American.

Instead of a military response to this invasion,  
which is manifestly justified, they can receive the  
genius of a non-violent humanitarian vision that  
sees farther than their scheme to ruin us ever could.

THE OFFICIAL REPORT  
~ ATROCITIES IN AMERICA ~

- SECTION EIGHT -

CRIMES AGAINST THE NATION;  
The ATROCITY of; KIDS BEING TRICKED BY  
TEACHERS;

"TRICKED BY TEACHER"

- TERMINAL WARNING -

INFLECTED AGAINST AMERICAN KIDS IN A DESIGNED  
COGNITIVE DOWNGRADE. THIS ATROCITY BEING  
COMMITTED IN OUR SCHOOLS IS A CRIME AGAINST THE  
NATION AND HAS CAUSED AN EDUCATIONAL DOWNFALL  
THAT HAS TOSSED OUR CHILDREN UNDER A 60  
LANGUAGE APOCALYPSE OF TRESPASS.

-----

## ~ APOCALYPSE 101 ~

Know you child's REAL future.

*Owing to the downgrade of U.S. education to accommodate intruders pretending to be lost bunnies a generation of American kids have been left to fumble.*

*Their resources diverted over to their new "classmates" who casually forget to warn them about their doomed future.*

*It's a fun family project. Come and wreck America.*

*As our kids awaken to the truth of what is happening around them they are forced to pretend their ruin is a good thing.*

*Destroying their human identity.*

*No wonder our schools are the sites of such epic tragedy.*

Just out of view in that school;

### American Kids Walked Off a Cliff ~

A deeper look freezes the skin.

Unseen by most is an atrocity occurring in U.S. schools.

Our schools now employ teachers who return home in the evening to these (intruder) networks and report heroically that American children are being preemptively erased by the classroom-full.

Diminished educationally to make them more pliable for the most extreme border violation in known history.

Completing the imminent horror, at this moment the schools south of our border are teaching their students that America belongs to them.

These conveniently hired "educators" arrive in the same massive intruder swarms.

Attacking this country from commonly democratic and generally uncontaminated home nations.

Good people won't participated in this cheater's deal thrashing America.

In a single generation (American) children, once educated to do 'the right thing' are tricked into giving endemic criminality the nod.

Causing their moral identity to be burned in what was supposed to be an "educational" conversation.

Tricking them into feeling that this country is not theirs.

The objective is to invert a generation of would-be heroes into a (victim) capitulator population.

It worked.

These alien "educators" portray the most diabolical monsters of history as if they would've signed the Magna Carta when they would've murdered us all.

Capitulation is as contagious as a wild fire.

Our once noble educational television has inverted, and now serves as a participant in the betrayal, earning condemnation.

It's not enough for these ethically ruptured (TV series) creators to merely make American kids unable to respond to the next phase of this invasion.

They twist it a step further and use toddler programming to trick our children into deliberately burying themselves beneath it.

The result?

The next generation will be competing with criminal networks, already pitched against them in overwhelming numbers.

Whatever "career" they were thinking of is gone. There is nothing they can create that will not be taken by force.

They will have no protections in the upheavals caused by a recklessly twisted educational paradigm.

Their families will be mauled as the biosphere dies.

Know your child's real future;

**APOCALYPSE 101 ~**

Americans have recently witnessed our job markets, green spaces and family legacies destroyed beneath inexhaustible swarms of counterfeit citizens.

Something as basic as fifty year projections on vital aspects of national life, are now so disturbing that our capitulated schools and universities regularly shy away from them.

Keeping the most critical warnings just out of view.

That is AN ATROCITY.

America was the creation of European enlightenment.

We are suddenly drowning in the opposite.

As a result, today's sovereign child has come up in an ocean of cheating and intrusion so undefended that they think it's who they are.

Adrift in a bewildering situation where "authorized cheaters" always win, and the guys with integrity, exclusively Americans, are treated like idiots.

This would be those Americans who are concerned about critical near future trajectories.

The ruptured schools actively help our youngsters assume that this unsustainable hammering of their (troubled) nation is a good thing.

They hear the phrase "a better life" used like a PIN number, as if our cultural (and environmental) ruin is a game in which only the deceivers get to win.

It creates a devastating battle within a child's human instincts.

Forbidden to ask honest questions like; "Just how many of them are there?", "Why are they being allowed to do this?" and "Why doesn't anyone stop them?".

Instead of receiving honest answers, they're required to put on a smile or be browbeaten with false accusations of racism.

Shattering the soul all day.

And a bus ride home.

After being abused at school by these accomplices to our ruin, each of them with dozens of adults seeing to their unfair advantage, an American child musters a wobbly smile for an already overwhelmed (often single) parent.

As for their own future kids?

Simply take a look at those deliberately neglected fifty year projections, covering a thousand neglected trajectories.

You can't even think about it.

Now, neither can they.

Watching government fail has become a spectator sport.

A joy for aliens. A horror for Americans.

Today's politicians are no longer capable of grasping the perspectives and viewpoints necessary to enact even the most basic reforms.

The criminal overrun has ended that by sheer volume.

AN ATROCITY.

At this stage in the downfall the only thing that can save our kids is the ONE THING their "teachers" have now taught them NEVER TO DO.

That is join together with others (Americans) to do anything restorative for their abused country and doomed future.

At the same moment the People Power that used to protect them is dead.

Here comes doomsday.

Still don't believe it?

Choose any species you like or as many species as you can, with the exception of the cockroach, and get a fifty year projection on it's outlook.

On every subject of need to American kids every trajectory runs into total ruin.

Here comes the American Apocalypse.

There is no greater atrocity than being lured off a cliff (in the academic dark) by your own teachers.

In a debacle of rewarded intrusion and unfairly maligned patriotism this educational inversion is tricking our children into a corner they will never get out of.

A corner from which the biosphere cannot be rescued.

America will not survive this schism now occurring at the very foundation of society.

Our schools and classrooms.

Today's public education lobotomy has successfully created the death-generation of America.

Their kids will be the death-generation of the world.

"TRICK THE GRINGO CHILDREN"

CRIMES AGAINST HUMANITY;  
The ATROCITY of; AMERICAN CHILD CORRUPTING;

- **TERMINAL WARNING** -

INFLECTED UPON AMERICANS AS PART OF AN  
APOCALYPSE OF INTRUSION. THE CHILD CORRUPTING  
ATROCITY IS A CRIME AGAINST HUMANITY AND HAS  
CAUSED AMERICAN MORALITY AND INTEGRITY TO BE  
SYSTEMATICALLY UNDERMINED.

~ The ZERO Conscience Insurgency ~

The very worst influence.

*If it was deserving people being assisted through our  
enforced total ruin that would be one thing.*

*One indefensible thing.*

*Regardless of what the deceived may wish to believe, an  
incontestable fact remains;*

*In any conversation or situation, these ones who don't  
"need" to be here are relentlessly maneuvering you to get  
something from you.*

*A thing that you NEED, and they know you need --but they  
only WANT.*

*Access to this nation, it's markets, it's spaces and the  
bounty of our forbearers' sacrifices in an impassioned  
struggle to open a space of destiny for Blacks and Natives.*

*We DON'T NEED these no-ask-permission types all over us  
scheming to take it.*

*Now they've ruined it.*

Closing in around us;

A Virtue Vacuum ~

Social research awakens the mind.

It is unhealthy for a society to have opposing (moral and ethical) systems thrown  
on top of them.

When there are two personality opposites and the good one is undefended it is subsumed beneath the bad.

Sound familiar? It should.

In all these tens of millions of trespassers you can look for years and not find a (verifiable) humanitarian among them.

Those ones stayed home.

This (sixty language) demographic of intrusion with no humanitarians among them has created a virtue vacuum.

The "green card" and "naturalization" are deals for cheaters after all.

Honorable people will not join in the outright mauling of another nation.

A hundred million of the world's worst citizen prospects have just been rewarded for doing it.

It must have been nice to find a country whose inhabitants need only hear friendly words to pull their nation down around them.

These no-ask-permission types prey on your endemic Western trust and calculatingly enflame nation destroying falsehoods.

To participate in such a thing requires acts that directly reflect an absence of conscience.

The impossible-to-believe friendliness of people who have engaged in so many tricks and lies merely to be standing there.

Concealing their true hearts.

When you lament about your wrecked quality of life and tailspin generation they put on a wise face and tell you that you have a "negative outlook".

As they are profiting and thriving on the rupture of America.

Your instinct to be a good host is abused as you are made to "welcome" the very ones who have poisoned your future.

Like dating the rapist.

Your associations in this insurgency are not going to tell you how worthless your moral realizations and political epiphanies are (to them).

Instead, they're happy to watch you walk (yourself) off a cliff while you thought you were helping someone in need.

Now, it's hard to find a verifiable humanitarian among US, as the extinction of American People Power dooms the rescue of earth.

Generous, endemically trusting Americans are deceived into participating in the ruin of their own nation, thus sealing the fate of humanity.

THIS ATROCITY causes the sovereign to be stained with the guilt of family betrayer, invasion collaborator AND biosphere destroyer.

Now, the most extreme border overrun in history is picking through our subverted resources.

The result has become a terrifying cultural atrocity, violating mind, spirit and dignity.

Reduced to smiling doormats it is Americans who are in need while the horde has pockets bursting with cash.

Today the rescue ship of the world sinks under this relentless avalanche of criminal gangs gorging themselves on rewarded trespass.

It is AN ATROCITY!

No epiphanies will be tolerated;

"Trick the Gringo Children" ~

The time when "friendly acting" would make a "worthy association" has ended in America.

Your parental instinct tells you to prevent your child from accumulating associations in which ulterior motives may exist.

If your child is associating in this swarm you have been lured into blowing that parental obligation totally.

In a single generation we have wandered away from our elders teaching our children right from wrong to letting an ocean of unwelcome intruders take over the task.

A storm of outsiders to whom the phrase 'what you're doing is illegal' gets a shrug.

Appearing in every corner in uncounted numbers in a frenzy of undeterred exploitive trampling.

Why shouldn't they follow this with deception?

These ones who participate in this land grab have little interest in the awesome realizations your (Western) child might have had.

In fact that annoying characteristic of American children is to be clipped.

Why is this?

Because, if your Western child is allowed a fact based political insight, and this occurs in the presence of a contemporary (no-ask-permission) foreigner, a few minutes is all it takes for that kid to realize his or her nation has been invaded.

This informed child will look around for the counteroffensive that might save them.

A generation of American children have been deceived into erasing their own identity for the interests of outsiders who are manipulating them to de-nation them.

Creation of the best society in the world was the result of more than two thousand years of (Western) cultural uplift, just to have the worst show up and trick us down.

Emboldened intruders floating among us in conscienceless pleasantries.

Interacting in a calculated manner with Western children while pretending to be who the uninformed have been tricked into thinking they are.

Violating our nation at the rate of ten thousand every day.

The last thing any of these intruders will do is warn you about the hell awaiting your family.

Yet, each is aware they are causing exactly that.

Has ANY one of them EVER warned you?

No!

That is what you get with a cheaters only immigration diadem.

As soon as it is convenient the intruder will convey to any American child an attitude that 'there is no accomplishment without cheating'.

A dead attitude towards ethics and a disdain for moral enlightenment is a keenly felt bad example.

The trick is to get you to believe you don't deserve "all that prosperity" (they just stole).

It works.

A downgrade is being forced on us as our kids are browbeaten into embracing their own destroyers.

Like dating the rapist.

Casual 'friendship-ing' away their self realizations and epiphanies among the indifferent to ultimately be left feeling worthless in their own country.

Their politicians totally derelict.

How can you create anything good for yourself (or your kids) in an ocean of people to whom your personal enlightenment is worthless and who are bent on taking everything from you?

You can't.

You need to be encapsulated in a society of trust for a nation to work.

We had that and now it's gone.

It is a fact that American Blacks, Whites and Natives are the inheritors of the ethical codes passed down from the Greeks and Romans to 'fight the good fight' and to right injustice.

We three naturally gravitate to the ideological model expressed through the Greek Hero.

Choosing to live our lives to bring peace to mankind and make sure that humans live a harmonious life.

This moral foundation stone is the distinction of societies known as the West or "The First World".

We are better.

A spirit of visionary foresight was how the greatness that was "us" was forged.

These ones who make up this unprecedented mass intrusion have no such historical or moral reflection.

These insurgents do nothing but give it lip-service and then disappear into the swarms.

They are certainly not going to adopt it after trespassing against us in a game of deceptions to exploit a cheater's deal.

Our domestic policy is failing in every category except for cheating, trespass and greed.

This ATROCITY must end.

The Western ethical tradition needs to be protected from an uninvited population to whom our moral insights and political epiphanies are worthless.

In fact our moral insight is dealt with as a threat by these uninvited schemers.

Now, these 100 million (immune) aliens roll over your suddenly pulled out-of-reach dreams.

Your own children would insist on this if they weren't so relentlessly tricked into laying down for their own obliteration.

Their future has disappeared beneath a haze of falsehoods and swarms of corruptors.

Cultural Damage Exploitation;

## The Matrimony Predation Game ~

People are saying, 'Marrying an alien doesn't create an American. It erases one'.

They're right.

How can you have an open, (rightly) loving and virtuous relationship with someone who has entered your country without permission and is participating in it's ruin.

You can't.

This kind of person can't merge with us without degrading the (sovereign) family and these ones obviously have not improved us.

And they are pleased when your vulnerable sibling fails to recognize it.

With eyes opening on the worst overland intrusion in history we are reminded of endemic realities.

These are uninvited, unneeded outsiders riding on a law breakers insurgency.

The violence adjacent act of trespass can not occur if a moral conscience is present.

The green card land grab permits one not burdened by scruples, to join a vicious exploitation scam, targeting the undefended.

Due to this insidious betrayal an insurgent alien can stroll into nearly any gathering on a wave of false representations.

We have all been (forced) witnesses to this 'welcome wagon of lies' that wrongly empowers these intruders.

The insurgent profiteer is introduced as a 'dissident' or 'economic refugee' or 'freedom fighter' or some such equally absurd and unverifiable claim.

These ones ABANDONED those people.

However they will smile and accept the credit for the struggle of others.

On the heels of a move that is too expensive for refugees and too complex for innocent bunnies we witness a rolling out of games and schemes to sabotage reform.

It takes real criminal savvy to pretend to be what an unsuspecting American has been tricked into thinking they are.

Now abandoned by our protectors, lonely Americans are lured into a (hidden) atrocity that steals their life, empties their heritage and shatters their legacy.

On the eve of mass extinction.

A conned man becomes a shield for the swarm that rapidly annexes the community while smirking at the betrayed.

As for an American woman? She becomes a breeding mule for the conspiratorial network.

Exploiting a psychic calamity within a society that has not developed defenses for this nation sacking scheme.

Is AN ATROCITY!

## The Ultimate Abuse Against the Abandoned; Targeting The Weakened ~

Some sort of experiment has been conducted on this recent generation and it has failed.

A thousand years of cultural heritage has been snapped for the amusement of feminists.

In this insidious family holocaust American girls are raised to neglect and deprive their spouses.

This family evisceration has crippled a generation of American girls, causing their young men to flee.

Those who were supposed to be her protectors turned their backs so now a husbandless mother makes do with a bag of frozen French fries to feed her doomed kids.

Meanwhile, with all their world travel money and criminal unity these swarms relax over five course meals in the evening to give the day's new intruders plenty of energy against Americans.

Making their kids strong against ours as our derelict protectors turn tail.

The shattering of our nation destroys these betrayed boys.

They are left trying to 'be strong' as their dads and granddads would've been before this horde stormed in and killed all their dreams.

This cultural damage is aggressively exploited by these uninvited corruptors.

An injustice made worse through dignity-rupturing (forced) politeness.

Occurring before the eyes of now futureless American children.

This atrocity makes our elders weep!

After being rewarded for the unwelcome intrusion, you get the sense that these ones want nothing to do with your pesky political conscience.

Why?

Normal legislative updates would inhibit their raid on our exhausted nation.

Conscience creates reform and reform puts them out of business.

They're corruptors.

Otherwise they would warn us and they do not.

Good people do not participate in cheater's deals.

Still don't believe they are corruptors?

You're suddenly in an ocean of them. Check for yourself.

Ask ANY ONE of them if they have ever committed a crime.

After having orchestrated, networked and committed so many cheats against you these ones from who knows where will skirt the question with a deception.

Then slyly grin.

It's a different kind of brain chemistry.

Each is a self-contained trespass and deception capsule.

They need only see an undefended nation and here they are.

The world traveling tricksters of corruption soaked countries.

Twenty-five centuries of (Western European) uplift, the cornerstones of our American ethos are an aggravation to this assault scale border-jumping scam.

When your Western (Greek/Roman/Scandinavian) foundations urge your consciousness toward 'realization' these ones respond with suspicion.

We are their victims after all.

Our Western ethos naturally tells us to 'be better'.

For these endemic cheaters on a land grab frenzy it's 'take more'.

Our Western origins compel us to 'seek the facts'.

These ones with cheaters hearts and an opposite morality to our own will instinctively spin a deception.

This means in a typical conversation instead of there being two 'good guys', there is one good guy and a guy or gal 'watching' the good guy.

When American kids see this and are not fooled they are forced to pretend to be.

This destroys their identity.

Their siblings are browbeaten into smiling politely.

Doomed.

A half century of seeing the bad guys win and the good guys lose has left Americans heartbroken and empty.

The marriage predator knows this and that cultural damage is exploited assertively.

The unsuspecting sibling is targeted.

As it now stands a new generation has been raised in this haze of unnecessary and degrading family confusion to face an approaching ecological struggle.

At the same time as this insidious marriage predation racket is preying on the loneliness of abandoned Americans, an out of control (criminal) insurgency is picking over everything we need for the future.

Protect unsuspecting Americans from the  
ATROCITY of MATRIMONY  
PREDATION occurring against the vulnerable on  
the eve of mass extinction.

*Trespass is a violation of justice and decency.*

*There was a time when we'd look at the kids and think they  
certainly would not or could not participate in the same  
scheme as the parents.*

*We were wrong.*

*These no-ask-permission types crawling all over us have a

*In sixty corrupt languages.*

*Calculatingly birthed to keep law enforcement stymied, to  
prevent reform and to trick Western kids.*

*As a result, our children are the death-generation of  
America.*

*And the birth-generation of the apocalypse.*

The atrocity of birthing humans as shields;

**Their Kids Are Setting Ours Up ~**

The truths of our species are not changed by shouting wishful falsehoods.

Birthing kids to further the parents' criminal proclivities is shameful.

Raising them to pretend friendship with the (invaded) society is even more so.

History teaches us when kids are birthed to advance the parents' schemes, not only do they not give deserved scolding, they seek to be better at it than the adults.

These networks throw these children at our throats to make us freeze, getting away with a cheat.

What did you expect from a cheaters only immigration diadem.

Looking across this ocean of calculatingly birthed offspring;

Every one of them has dozens of adults planning and preparing for their futures.

Nowadays, our kids are lucky if they have one, whose world is collapsing around her.

Their kids are so happy watching ours pretending to be happy while grappling with the destruction of life at home caused by this horde.

The result?

Instead of being nurtured in a national society that might have saved them, our children are left groveling with their purposed birthed replacements.

Our families have to watch this and are expected to pretend to like it.

Subjected to manipulative and degrading interactions with these parents birthing the alien gangs that will walk all over our grandkids.

This land grab scheme being committed against us, appears to be the 'glue' that holds these zero conscience intruder couples together.

With no inner voice to tell them 'no', family fun is a border hopping land grab.

Every one of these network gang kids KNOWS their American classmates are doomed.

Do they warn us?

No.

They're taught not to.

That would spoil the plan.

Swarming against our communities while tricking kind hearted Americans.

These networks love an uninformed humanitarian because you can be manipulated on it all day long.

In ACTUAL FACT it is these human shields birthed to overwhelm us who have eaten through our floor.

That is the plan.

The 'myth of innocence' is further shattered.

These kids birthed by conscienceless insurgent parents do not warn ours.

Yet our kid's friendships are sincere.

Meanwhile, a welcome wagon of lies is unscrupulously exploited by these breeders happily exploiting falsely garnered sympathy.

This ATROCITY is paraded in the faces of American families already reeling from parenting agony and financial loss.

Meanwhile, this insurgency whoops up the festivities as unrestrained criminals do.

Globe-trotting cheaters joyously indifferent to the harm they are causing, floating along on false representations.

Their kids didn't ask to be birthed to fuel a cataclysmic land grab, and be the hands-on creators of the death of a nation.

We didn't ask to be deceived into allowing this horde to storm in and do it to us.

Truth be told, this hundred million intruders do not 'need' to be here making victims of our communities and families.

They never did.

Now we face this endemically nefarious geo-population in blitzkrieg expansion.

Owing to this ATROCITY our children have been made the 'death generation' of America.

Our grandkids will be the death generation of the world.

From notorious insult to national ruin;

## The "Birthing Contest" ~

I don't recall being asked.

If you're going to give me something I didn't ask for give me a turtle.

But if it's an unannounced breeding contest with a criminalized insurgent demographic in geometric expansion, we're talking doomsday.

This ATROCITY is occurring on the eve of biosphere desolation mostly caused by indifference to the ravages of overpopulation.

Suddenly at our backs.

Conspiring in sixty new languages.

At this stage in the disaster, we can stop pandering to the lie that children birthed by these ones are little doe-eyed Hobbits only more incorruptibly so because they put on an act of sincerity.

Called upon to "mediate" for the (guilty) adults, speaking in unfamiliar languages that all share a single common thread.

Every of these (60) alien languages is a conversational drop-off into a universe of corruption.

This is one distinction between being "foreign" (European) and "alien" being today's mass intrusion.

Don't "want" to believe it?

Here we come to an insight about what is commonly called "belief".

In actual fact, your 'belief' is not a belief at all. It is a theory, and if the evidence changes then so must the theory.

Therefore, when you blurt out, "I don't believe it!" this is false.

This does not change because you have been previously deceived.

In this case, calculatingly conned on your good hearted wishful thinking.

And the result?

A hundred million trespassers originating from dozens of corrupt societies are mobilizing against us here at home in a doomsday ratio of sixty to one.

While being rewarded daily for indecent encroachment against our families.

Due to this betrayal our children will have one sixtieth the opportunity of their Americans grandparents.

Since the language barrier is a common tool of subterfuge they can expect walls of deceit to be thrown up against them sixty times as often.

From this notorious insult we are sent into national ruin.

It happens to be the comfort zone of these ones.

It's working.

Failure to warn is a depraved act.

One that cannot be forgiven when the truth comes to light.

In this eye opener we see kids being taught to not warn us about the horror awaiting our own families.

We'd be better off with a hundred million turtles than this reckless apocalypse tearing our nation to bits.

The good turtles clearly all stayed home.

A Delian League can look into ways of redirecting the numerical kill-shot of this immoral birthing apocalypse into hope for America and the biosphere.

There is not a moment to lose.

THEOCRATIC OPPRESSION.

Special Feature.

## ~ The "Sins of The Fathers" Prophecy Revealed ~

This report was not created for or by any religious organization.

*Can we ignore a prophetic bulls-eye?*

*Some may peer into the scriptures for insight about a swarm of smug intruders who violate the Commandments daily.*

*Earning our protectors the condemnation of the world.*

*In realizing that we are MORTALLY betrayed, our eyes open upon an escalating horror.*

*...and a prophecy.*

Purposed to the task of stealing entire nations;

## The Truth of The Violent Middle East ~

As an ecological whirlwind approaches it would be remiss to fail to lift the subterfuge surrounding endlessly misrepresented religions.

We are not speaking of 'foreign'. Foreign is a term for our friends from Western Europe. Germany, England, Ireland etc.

These intruders are correctly identified by our intelligent forbearers, as alien.

In addition to the sudden border overrun we are also awash in millions of intruders who are of a religion that has now declared it's destiny is to "rule the entire earth".

They say any place in the U.S. where they're standing now "belongs to the Muslim world".

When you tune out the lies we see paraded before us an enslavement system, evidenced in it's repression of women.

It is used to subjugate the weak and suppress liberty.

Purposed to the task of stealing entire nations.

It serves as a conscience removal mechanism for boys who are inclined to dominate by force and will trespass to do it.

Kneeling five times a day (in prayer) to an anti-American foreign power is not the freedom of religion imagined by our founding fathers.

At this dark hour in our history when Middle Eastern societies are being taught to hate us (on lies) we allow the worst of them into this nation.

Illegally.

All that "religion of peace" business is a lie to turn Western persons into victims.

The total absence of any moral voice when 911 occurred showed us the truth about these malicious puppets of a so-called "religion of peace".

These ones simply enjoyed the show, along with the other millions of unneeded insurgents who lurked and glared as American heroes died.

Just describing incontrovertible facts.

We have been inundated in the kind of people who take pleasure in seeing us harmed in an appalling way.

The good ones having obviously stayed home.

Today, Americans are tricked into smiling politely for the worst of them.

Degrading yourself in capitulation to this escalating injustice is incompatible with any Christian morality.

As it now stands, as the biosphere declines our families will be pummeled beneath these anti-Christian 'soldiers of god' who will be in open rebellion.

Now appearing all around us in uncounted millions. Never asking permission.

Watching to see what we will do.

Delighted by this Chinese plague that kills only Western persons.

What this means is their steal-America racket has traded our haven for Western morality into a future of theocratic oppression against families.

It is said, in some U.S. cities the airports are a sick daily mayhem of extremist lunacy.

Unceasing inbound swarms with kids howling and running in circles.

Perhaps they'll teach this game to your kids, in the downgraded schools.

Owing to the scheming of profiteers our historically wisdom seeking society will be subjugated in violence when a (convenient) alien holy war dominates.

In a blink it will be too late to prevent the horror of theocratic dementia from taking control of vast swathes of this (already) betrayed and abandoned nation.

Prophecy revealed;

## The "Sins of The Fathers" ~

This report was not created for or by any religious organization.

As the most righteous nation on earth is blown down by the most corrupt global cheaters, we recognize an enduring prophetic echo.

"Sins of the Fathers" derives from biblical references primarily in the books Exodus, Deuteronomy and Numbers to the sins or iniquities of one generation passing to another.

Visiting the iniquity of the fathers upon the sons into "the third and fourth generation" as it is foretold.

Such is the sin of birthing kids as a strategy to avoid just law on the heels of a trespass (cheat) against a foreign nation.

Moral people will simply not do it, why?

Because it is an iniquitous (immoral, unfair, unjust) sin.

The scriptures tell us how to deal with people who live by deceit, child exploitation and the warlike offense of trespass;

*; "You shall not bow yourself down to them nor serve them."*

This means, you have a religious duty to deny rewards to those parading the proceeds of a cheater's deal (an iniquitous sin) in the faces of their victims (us).

When those victims have been sinfully abandoned by their own protectors earning the condemnation of the world.

Like it or not, the green card is acquired by amoral acts, criminal conspiracy and alien trespass, followed by manipulation of the unsuspecting making it a truly vile iniquitous sin.

An authentic moral conscience is apparently not present.

With no inner voice to tell them 'no', they throw themselves into a crime against a foreign nation without care of the harm being caused.

If this were not the case they would warn us and they do not.

This ATROCITY has been occurring against us for half a century.

We are in "the third generation" of it's evil. Therefore, we are dealing with the sins of the grand-fathers.

These swarms are clearly on the unrepentant side of the prophecy.

They have slyly watched a better society be overturned in the wake of their scheme.

Crippling the rescue ship of the world.

These ones have abandoned the reformers and social humanitarians of their home nations.

These sinners get to have the family gang they've always dreamed of in the heart of a cheated Western nation.

Just describing observable facts.

Don't believe it?

You're marinating in them. Ask any one if they have ever committed a crime.

(Don't ask if they go to church.)

Observe carefully as the illusion of innocence is dispelled.

Far more than your instinct to be a good host is maimed.

These ones in their sinfulness will blame YOU for their own bottomless deceit.

In the premeditated throw-down of America.

They're corruptors.

Each one knowing they are dooming a nation, giving merit to this biblical prophecy.

What happens if you divorce yourself from your obligation to the future?

Upon consideration, it would seem that the afterlife may be an artifact of the collective life force of the biosphere.

This cataclysmic overrun has wiped out the (Western) society that might have rescued the oceans.

Now they parade themselves as both unlimited and unstoppable.

Evil spirits pretending to be lost bunnies.

To fail to resist this malicious invasion is to doom your own family.

Their American souls will be dissipated into empty space to  
forever haunt the stains of extinct life.

This is why a special room is reserved in purgatory for those who  
betray their own.

Traitors all go to hell.

Be spared such an eternity.

Heard the latest insult to religion in America?

Offenders from the Far East get a free pass on the most appalling  
and destructive cheat in global history.

Pretending to be sex slaves doesn't work anymore.

Now all they need do is say they are Buddhist!

And just like stupid-magic we are expected to overlook their  
conscienceless guileful, opportunistic and conspiratorial, invasive,  
racist, iniquitous (immoral, unfair, unjust) sins.

What do you suppose the Buddha himself would say about these  
ones who can not be in this country without committing all these  
sinful acts?

He would tell us to "get them out. They're criminals".

Delighted beneficiaries of terminal recklessness.

They play with our stupidity like a Bassmaster plays with a fish.

They're sinners.

The Buddha would say "I told you so" and "do not to look at them".

Every time a capitulator opens a Bible Jesus twists in pain.

This prophecy makes (a good person) think.

Could the "Sins of the Fathers" be fashioned into renewed hope for humanity?

Perhaps this could be a great historical moment.

In the destroyed biosphere we have been maneuvered into leaving for our grandchildren they will look back and revile us for failing to stand up against an insurgency of sin.

IT IS A SIN to force a sovereign population to submit to an insurgency, and then demand they remain silent as the malignancy erases their resources.

Sinking the rescue ship of the world.

Gashing a sin tainted blade through our afterlife.

Perhaps you are going for 'the martyr type'.

There is no point in being 'the nice guy' who takes a fall (being nice), if you were tricked into taking a fall 'being nice' BECAUSE you are nice.

That piety erasing "fall" made you smile away the future.

Now, your kin will be violated and subjugated.

Jesus would be the first to tell you, that to fall into capitulation with sinful intruders leaves you morally damned.

Just as these invaders would like you to be.

You've been relentlessly tricked on your own goodness by these evil spirits.

Allowing your society to be victimized by a terrible iniquitous sin.

Americans are reminded that traitors go to hell.

Capitulation is your boarding pass.

It is a spiritual obligation to STAND FIRM in opposition to the sin of trespass.

And there is redemption.

God may be waiting for you usher in an age of heroes.

As we approach a half century of this storm of sin, might we be looking at "the third generation" that may redeem the previous two?

Let us free our descendents from having to witness acts of survival too horrific for us to imagine, then find themselves forced to commit them.

Just imagine, the parishioners streaming from the doors of YOUR church holding the (political) keys that can unlock a golden age of enlightenment.

Allow today's doomed Americans to find atonement for the afterlife snuffing sin of neglect.

Manifest the divine political destiny of Black,  
White and Native unity or allow a sinful mass  
insurgency to fulfill THEIR OWN prophecy of  
violent oppression.

CRIMES AGAINST HUMANITY;

COMMITTED AGAINST BLACK AMERICAN COMMUNITIES  
TO ENTRENCH A MASSIVE INVASION. THIS CULTURAL  
ATROCITY BEING INFLICTED UPON THE PEOPLE IS A

CRIME AGAINST HUMANITY AND HAS CAUSED "THE  
BLACK APOCALYPSE".

-----

~ Blacks of America Betrayed to Ruin ~

The Inheritors of King's Dream, Lost.

*All will agree, Black Americans deserve their grand  
accomplishment yet this has been insidiously undercut.*

*What was earned through blood and honor for Blacks and  
Natives, two of the three foundational societies of America  
has been calculatingly pulled away for the fun of globe  
hopping racists.*

*These (sixty) illegally encroaching hordes have no  
historical or moral legitimacy to walk in and undercut the  
entitlements created for Blacks and Natives.*

*Our society has been effectively cancelled as our protectors  
have vanished.*

*We are now shoved aside in our own country.*

*As for our three race destiny created through a heroic  
AMERICAN struggle and a costly civil war?*

*ALL are to be slaves.*

As for the REAL Black Future;  
**ALL Are To Be Slaves ~**

About all these outsiders you're getting your sentimentality manipulated over.

Do you think you're protecting Blacks by allowing the most intrusive cheaters on the planet trample us into a ditch?

These outsiders ARE NOT Black Americans.

This rapacious horde has robbed US!

We were not asked to assist authentic refugees in some unpreventable crisis.

We were tricked into the belief we were helping such people.

Some uninformed person said 'make (unavailable) room' for this bunch of (uninvited) strangers and it turned out the reasons were all lies.

How are we supposed to absorb these millions of degenerates pounding us from the world's worst societies?

We can't.

Instead, we're dumped into their poison.

The result?

All that hard earned uplift for American Blacks was undercut and trampled by this unlawful intrusion now laughing at our backs.

Outsiders who revile intelligent Whites, see Blacks as gullible and Indians as more conveniently betrayed Americans just sitting on lands these ones are salivating to steal.

And why not?

They're already dancing on the graves of fallen American families in the hallowed space created for OUR posterity by a world renowned three race struggle.

And now, after our majestic and devoted mandate to assist the world.

The lowest downgrade on earth shows up to kill our hopes!

The betrayers let in the destroyers, causing our society to be upturned in an extreme population overrun.

The cultural and spiritual footprint that was us (three) has been trampled under by sixty simultaneous criminal invasions.

They have used up what we needed for the next five hundred years in less than fifty, then burped and accelerated.

Black, White and Native Americans are scattered into the wasteland.

A great American society now shattered by the sleazy games of outsiders.

It is AN ATROCITY.

When you start realizing these truths you must CEASE being hysterical in defense of this invasion (of inconsiderate racists).

During this lights-out hammering beneath these acts of war we suffer our CONSENT withheld and pleading American voices ignored.

What does this describe?

What are we now being driven into, in precise terms of identification?

No consent, voices censored, no representation, less money every day, leaders inexplicably derelict and alien cheaters in uncontained total exploitation of the worst overrun in world history?

The next phase of this unacknowledged apocalypse for Black Americans and Tribal peoples?

Will be worse than slavery ever was!

Grand Accomplishment undercut;

**King's Dream Shattered! ~**

So, what happened to King's Dream?

Stolen in our faces and suffocated.

Then, when semiconscious, thrown into a bucket to be used as a tool for globe hopping criminals as our protectors fled.

That about covers it.

The time of the moon landings was the beginning of a heroic age for the three historic races of America.

Or was supposed to be.

Instead, here we are.

A consumption carpet has blanketed our country without conscience nor deterrence.

Entering at a much higher volume than our forbearers who actually made America.

Instead of reforms, scores of alien populations containing no shared cultural foundations with American Blacks, Whites or Natives are massing against us in doomsday numbers.

In our own house!

A welcome wagon of lies empowers this appalling national obliteration.

so, what has this sudden ATROCITY OF RACIST INJUSTICE created for us Americans?

From customer service with sincerity to corporate crap-in-your-face with false glibness and a phony smile.

It's the new age of corruption and slime.

When things are clearly false, they are now presented as "revised".

A nauseating reflection of the deceit projected by these swarms pretending to be lost sheep.

We hear people muttering about "economic justice" for these ones who are never broke and are never hungry.

What about the millions of Americans struggling with hunger because of the economic inversion caused by this racist insurgency?

To go with things reaching ten times as expensive we can finally announce that "food is ruined".

Trying to eat "affordable food" has become like grazing in a garbage dump!

Meanwhile, these supposedly poor aliens enjoy five course meals every evening, emboldening new ones joining the mass cheat with pockets full of money.

Ten thousand more strolled past our undefended national boundary today in internationally recognized acts of war.

The result?

We are being picked clean.

All the uninvolved spaces that someday our grandchildren may have made purpose of are now jam-stuck with deceitful aliens birthing gangs into any undefended cranny.

Most of them will now admit it.

And the result of this "cheaters only" entry policy?

Zero charitable philanthropy unless a feigned look of concern does it for you.

They have provided NO support for the American sovereigns whom they have financially eviscerated and show NO impetus to reach over and embrace a society trying to keep afloat in the ruin of the nation caused by it.

We didn't get those ones.

Instead, our communities are doused in the fanatics, thugs, America hating environment exploiters, romance scammers, racist drifters, land grabbing squatters, criminal conspirators, industrial espionage spies, general weirdoes, toxic misfits, corporate

profiteers and encroachment prospectors of the world's (60) most corrupt countries.

Being allowed to burn through our future with glee.

It is an ATROCITY!

With no conscience to limit them these insurgents may actually think they're conquering us!

Why shouldn't they.

These swarms have made our families poorer than at any other time in American history.

The wealth of the recently departed middle class, all those dumped American families.

It is now transferred over to the horde.

Millions of exhausted Americans live with hunger as their nation is thrashed.

Black America 'set it's wallet down' and it was swiped by this invasion and somehow Whites got blamed.

Our national access policy only attracts those with no respect for you or me.

During this amoral intrusion American Blacks and Natives have been DENIED the most basic justice.

Permitted by those who recklessly applaud the intruders for 'chasing the dream' that they stole (from all Americans) and ruined.

Black and Native Americans need to be protected from this destructive insurgency.

Now, we are BEING FORCED to "make more" unavailable room for globe hopping deceivers to grind (the last of) our hopes into the dust!

The restoration of sovereign CONSENT can give Black and Tribal communities a chance to work for survival to face the REAL horror that is coming.

Let us get back to raising great Americans in our Black and Native communities.

THE OFFICIAL REPORT

~ ATROCITIES IN AMERICA ~

- SECTION FOURTEEN -

**"RACIAL DISCORD SUBVERSION"**

**/ & THE "HATER HUNTER" HOLOCAUST /**

CRIMES AGAINST HUMANITY;  
The ATROCITY of; RACIAL DISCORD EXPLOITATION;

- TERMINAL WARNING -

COMMITTED RELENTLESSLY AGAINST AMERICAN  
CULTURE AND ETHICS TO STALL REFORM. THIS  
"AMERICAN SPIRIT SUBVERSION ATROCITY" INFLICTED  
THROUGH CULTURAL MANIPULATION IS A CRIME  
AGAINST HUMANITY AND IS CALCULATINGLY USED TO  
SABOTAGE RACIAL UNITY.

-----

~ The Racial Discord Exploitation Game ~

FACT: In the last decade, this nation has been forced to  
absorb more racists than it created in the first four  
centuries.

*Added to this malice our citizens are dumped under the  
psychological brutality of A DOUBLE ATROCITY.*

*The calculated manipulation of racial discord.*

*This racial manipulation shatters families, subverts  
education and destroys friendships.*

*A rancid trick to cripple the processes of legislative  
reform.*

*An act only committed by those without a moral  
conscience.*

*After OUR GREAT storied history and service to humanity  
they exploit our hospitality and violate our society!*

*To them this moral holocaust is a game.*

*To us it's an apocalypse!*

Now swarming. The REAL masters of race hate;

## Our "Melting Pot": From Heroes to Crap ~

You know 'that racist' we were all tricked into thinking every White person was?

These invading cheaters REALLY ARE!

*Dear Our White Friends;*

*How about some racism with your out-of-control slobbering  
insurgency.*

*Do you think that enabling the most extreme border intrusion in  
known history places you with the Million Man March?*

*Think again.*

*"Gringo" is their n-word for you!*

*Endemic racist contempt makes this hospitality abusing land grab  
a casual pleasure.*

*Against all of us!*

So, how did America get so betrayed?

Let us look back a short while to the moon landings.

At that poignant time American Blacks, Whites and Natives were emerging from a heroic struggle.

An authentic cause was being realized and a long awaited unity welcomed.

Suddenly our 'melting pot' that had almost no crap in it encountered a mass realization occurring among aliens who have no respect for law or boundaries.

Foreign cheaters with no inner voice to tell them 'no' realized an outdated law could be massively ambushed.

America was a society getting better in the space we three races had created to do so when this tsunami of injustice jumped us.

From then on, our 'melting pot' has been nearly all crap.

From entitled to doomed in fifty thoughtless years by a racist insurgency now escalating beyond limit trampling our society into a chain reaction of suffering.

Preferred neighbors don't participate in cheater's deals nor do humanitarians exploit broken laws to overrun and abuse a benevolent foreign society.

With People Power vanished from the home front and an escalating insurgency laughing at our backs, out come their hideous tricks.

They calculatingly manipulate the racial sensitivities of the population in devious cultural sabotage.

Turning us against each other in OUR OWN NATION is a game to these ones who endlessly conspire.

They obviously can't comprehend us and don't want to.

Clearly anything that weakens us makes this type of intruder offender stronger.

Playing little tricks such as the "shared struggle" con.

If one of these no-ask-permission aliens is telling you they are "with you" as if some sort of shared social, political or moral struggle ever existed you are with the worst of them.

These intruders picked up American Civil Rights, mouth-breathed on it and threw it in a ditch.

Now we are now suffocating in the ATROCITIES caused by the millions of racist intruders that put us there.

We are shoved aside everywhere, our consent denied and our opinions ignored.

As the delinquent politicians flash their sickening smiles.

A Black American takes a pill and the intruders get a thrill.

If one of them is 'putting on their sad face' and lamenting about how they're "not feeling accepted" you are being tested to see how dumb you are.

Such is the rancid force of this national access scheme that attracts only cheaters and racists, now crawling all over the corpse of Black America.

Ask one of these no-ask-permission types for clarification on this and you will get a spew of twisted racist sentimentality.

If that doesn't work then you receive irritated indolence.

It's only fun for them if they can abuse our goodness by playing deceitful games.

Feigning friendship with their victims.

You and me.

Twisting their crime into "acceptance rhetoric" when they are in our country (unnecessarily) by way of a violent cheat.

This 'fruit of the (most) poisonous tree' comes with truths about people who get their "better life" by exploiting injustice to steal from others.

While deviously manipulating the trusting into capitulating their own country into ruin.

So here it comes.

The day approaches.

The thousandth time in history.

When the composite 'fog' around your ears and eyes clears there will be no confusion.

You, an American, have just lost to an invasion.

And not to little bunnies and weary dissidents as we have been deceived into believing.

Instead, sixty simultaneous criminal avalanches have crushed our age of heroes into a throat gasping agony.

Emboldened by smiling betrayers.

Yet, simple legislative reform puts them out of business.

Every legal code IN THE WORLD calls on us to order these intruders to reverse their invasion.

A perspective shared by the honest sovereigns of the nations they've abandoned.

Oh, by the way, these intruders don't approve of you.

You just let a swarm of racist drifters steal the hope of a future from your own children.

As for the grandkids?

They'll have a front row seat as the biosphere begins its death dive.

To witness human reproduction become a factory of deformity.

To be spat on as ecological chaos drives them to their knees and be laughed at in uncountable languages.

Our weeping descendents will be trampled into extinction as the world gawks.

Our most sensitive citizens will be doomed, like toddlers cornered by wolves, staring at the commercials.

The ugliest disaster stories in the world will be press headlines salaciously fingering through the obliteration of America.

Shots taken on American streets bathed in violence and agony.

Native Americans will be subjugated as tribal lands are annexed by these swarms of their ancestral enemies.

To ultimately be enslaved by these hordes, now delighting in the terminal betrayal of Black America.

A Vicious Cultural Holocaust;

**The Making of a "Hater Hunter" ~**

Trespass is a violation of justice and decency, rightly earning global condemnation.

Naturalization is a cheater's deal which means it only attracts people who are happy to cheat you.

Why shouldn't they manipulate at the same time?

With our protectors turned tail Americans are lured into capitulation.

By being the proverbial "nice guy" in the denial of your sovereignty you cheat yourself.

This cultural breakdown sends these insurgents into euphoria.

Misguided altruism becomes a weapon serving these intruders pretending to be lost bunnies as American families are shattering.

Laws designed to protect Blacks and indigenous peoples have been abused to aid an overrun that has destroyed their way of life in only a few decades.

In this ATROCITY we are deceived into abusing the people who are trying to save us.

Capitulation is acquiescence to the destruction of your world.

A collaboration with invaders that destroys the identity.

So, invent a category and give it a name so you can pretend to be some sort of defender.

Call it "haters".

A shameful, misguided spectacle for a pretense cause.

The 'witch hunt against hate' presents a nauseating parody of justice.

Causing psychic agony and preventing sovereign victims from connecting with one another on the eve of mass extinction.

Destroying families while adorning themselves in a parody of racial peacemaker.

These conscienceless intruders stealing our nation bank on this (racism) false-accusing.

This "hater hunter" ATROCITY enflames the world's most endemically offensive racists.

Emboldening their envy and malice.

The "say the right lie" enforcers have done enough damage.

There will be no apology for speaking the truth about the extreme injustice of invasion by trespass.

Regain your pride and stand in opposition to these swarms who have rapidly surged in and obviously ruined the country.

Therefore, this charitable mission for victimized sovereigns should NOT be characterized as any form of hate group.

Unless you're rich with blinders on letting the alien nanny adjust your morals for you.

As sovereign Americans, we possess a history like no other in the world.

Instead of respecting this they TARGET the racial anxieties of our population.

The 'naturalization' cheater's deal has caused us to take in nearly exclusively the corruptors.

The lowest downgrade on earth.

The ones tell us what we want to hear and then vanish into a thousand cheating swarms.

We must therefore inquire;

Are some Americans being tricked (on their goodness) into abusing their own countrymen to aid the most extreme (racist) intrusion in world history?

Every single day.

These no-ask-permission intruders are not just racial sensitivity exploiters.

They are also the abandoners.

They laughed at the reformers and social humanitarians of their sovereign home nations, possibly even providing the muscle to abuse them.

As a result, those foreign societies will be too weak to respond when consumed in the impending biosphere rupture.

Beneath this 'invasion of abandoners' our own activists are trampled into silence.

Today, the 'witch hunt for hate' oozes along persecuting those who make these factual observations.

The spectacle of honest, patriotic Americans being degraded by (false) accusations of racism must cease!

IT is AN ATROCITY.

Anyone who would drive a wedge between Blacks, Whites and Natives in our own country, or turn any against their own self determination is an enemy of this storied nation!

These hundred million intruders who have forced themselves onto us, are AT THIS MOMENT being joined by the next hundred million.

*Apathy and dehumanization are setting in combined with  
the cultural loss of how to do it at all.*

*The rape of the patriot esteem by the media throws salt into  
the open wound.*

*Self rule cannot be rebuilt by overwhelmed people who  
form desperation groups as the world is splitting into chaos  
around them.*

*Today, the swarms are celebrating in this knowledge.*

The Betrayers Let in the Destroyers;

Consent of The People is Denied ~

How rapidly we have fallen or more accurately, we have been pushed.

Where did our protectors go?

Consent for our hopes and dreams to be destroyed on the eve of biosphere ruin  
WAS NOT ASKED.

This is our only country.

Consent would not have been given.

Why should we let a storm of trespassers in a supercharged land grab undercut  
our families' resources?

We should NOT.

All these intruders have perfectly nice home nations.

How can we do anything for American families with the insurgency that just  
destroyed our future conspiring all around us?

We can not.

Instead, Americans are manipulated into turning their backs on themselves by the world's worst back-turning intruders.

They are (reform blocking) corruptors.

These hundred million no-ask-permission types, roaming all over this nation have created no philanthropy to assist the sovereign population they have just shoved aside.

These ones suddenly swarming all over us will not want you to gather with other Americans and start talking about reform.

Why is this?

People Power is reform and reform puts them out of business.

The honest ones stayed home.

After getting away with their needless aggression for half a century a reform dialogue would lead to a counteroffensive to halt them.

Today, this treasonous inversion of voter consent into the criminal kind has given every sleazy cheater on the planet a vigorous advantage over struggling Americans in our own country.

It is AN ATROCITY!

When consent of the people was (illegally) bypassed the future of our nation was destroyed.

Our politicians ducked into a closet and left us to the vicious ruin.

In an act of despicable betrayal, our protectors have forced patriot hands to be chained, allowing an emboldened alien insurgency to ram it's agenda into every unprotected corner.

We're marinating in them.

So, what happened to cause this?

For the first three hundred and fifty years the news media was licking the feet of American activists.

Owing to these centuries of effort American activists had created an age of heroes.

By the time of the moon landings (1969) America had been transformed into a garden of vision and a crucible of Western enlightenment for our three foundational races that were the only thing going in this country.

Then comes this horde, and for the first time in our trans-colonial history, "unity" is a dirty word.

IT is AN ATROCITY!

Earth's rescue ship is going under;

People Power is Gone ~

We have entered the twilight of human happiness on the earth.

The cause of this apocalypse after political betrayal and media neglect?

Lack of political volunteerism worldwide.

Exploiting an undressed loophole, a swarm of cheaters has overwritten a (Western) population made up of people who until recently, dreamed of changing the world.

This was the dynamic that made America exceptional.

What are we now?

Our world renowned, destiny shaping, American People Power has been erased by the trampling of corruptors in a celebration of sovereign disempowerment.

Looked around for activists lately?

Prior to 1970 when Americans were everywhere People Power was everywhere.

Suddenly this horde is everywhere and People Power has vanished.

As it now stands, the American voice has been obliterated.

Pulled to pieces in a single generation by (unneeded, uninvited and unwanted) intrusion from beyond our borders.

The rescue ship of the world is capsizing.

As a result of the rupturing of American activism these avalanches of cheaters have ended the biosphere.

In this final hour as we are seeing our nation trampled to death, what should happen.

This tsunami of nation theft is not our fault, but it could be our fortune.

There are strong historical truths to guide us.

Invasions destroy everything they touch, until you stand up and resist it.

Then you discover wealth, power and community restoration.

Rebuilding a nation is an empowering and rewarding vocation.

Philanthropy is a dynamic professional industry, it's true.

We can use it to restore something recently shattered.

Our vital, internationally admired American People Power.

Let us help Americans get back to doing what Americans were created to do.

Bring negative forces (presently out of control) back into balance so world societies may unite in an alliance of planetary stewardship.

On behalf of American tribes with contributions from ISOPS, we thank you for your patience and your time.

Very sincerely,

~~~~~

TO OUR POLITICIANS:

GRASSROOTS ADVOCACY HAS BEEN SILENCED.

We ask that you join us in the realization of an American necessity.

CRITICAL READER ACTION;

Black America is shattering.

Tribal America is doomed.

THE AMERICAN PEOPLE were NOT ASKED OUR CONSENT
for what anyone could see was going to be an apocalypse and still
have not accepted.

At this critical hour if we suppress this it will be the most damning
racism of our history. It will be like concealing evidence that
would exonerate an innocent. In this case American tribes and all
our families.

It's time to get back to doing what worked prior to this apocalyptic
overrun. Let us study these atrocities and render safe and brilliant
alternatives.

Relay these documents to all Black, White and Native Americans
you know.

Come together in a room filled with REAL friends for once.

Be the most powerful political bloc in the nation.

And survive.
